PAROLE ABUSES ARE EXPOSED IN PRISON RECORDS

Jenkins and Colvin Called by Jury.

(Picture on back page.)

Official prison records showing how many of the most vicious and depraved of Chicago criminals—murderers, rapists, robbers, and others—were handed passes to freedom were obtained yesterday by the grand jury. The records, which were obtained from the State Prison at Joliet, show that many of the most dangerous criminals were released on parole without proper supervision.

These records, forming a vivid chapter in the history of crime in the city, were obtained by the grand jury after a long and arduous search. The records show that many of the most dangerous criminals were released on parole without proper supervision.

Sumner Jenkins and Colvin, two of the most notorious criminals in the city, were called by the grand jury to testify. Jenkins, who was convicted of the murder of a police officer, and Colvin, who was convicted of the murder of a woman, were both released on parole without proper supervision.

When these two public servants stood in the grand jury witness box, they were asked to explain the parole abuses that had led to the release of so many dangerous criminals. Jenkins and Colvin both claimed that they had been released on parole without proper supervision.

Warden Whitman has been subpoenaed to return today before the grand jury with records of parole cases. The grand jury is expected to return a verdict on the parole abuses by the end of the week.

Joliet Jury Also Acts. The Joliet grand jury, impaneled by Judge Hjalmar Rehn to investigate the parole abuses, is expected to return a verdict on the parole abuses by the end of the week.

Fears New Prison Revolt. There is concern expressed by the Attorney General that a new prison revolt might break out at the State Prison at Joliet. The prison has been the scene of several revolts in the past.

Prisoners' Board. The board, which is composed of representatives of the prisoners and the prison authorities, is expected to meet today. The board is expected to discuss the parole abuses and the prison conditions.

Convicts Tell of Bribery. One of the convicts who were called by the grand jury, told of a bribery scheme in which the prison authorities had accepted bribes to release dangerous criminals on parole.

What the Records Show. The records show that many of the most dangerous criminals were released on parole without proper supervision. The records also show that many of the most dangerous criminals were released on parole without proper supervision.

IN MAYFAIR. T. H. Strate, a well-known Chicagoan, was called by the grand jury to testify. Strate, who was convicted of the murder of a woman, was released on parole without proper supervision.

WOMAN TO FIGHT RETURN TO FACE KY. MURDER JURY

Heading that a friend killed her former husband to save her from a beating, Mrs. Mammie McLaughlin Lilly announced last night that she will fight the efforts of the state of Kentucky to bring her to trial for murder in Lexington.

The story she told in the night court brought her back to the days when she was the wife of James McLaughlin in Lexington.

"My husband was beating me," she said. "A young man, a dear friend, entered the house, and when my husband threatened my life, they fought and the friend killed him."

Mrs. Lilly fled from Lexington. In Crown Point, Ind., later she married her present husband, Robert Lilly.

Judge L. P. Harris granted delay last night to let her retain counsel to fight extradition. Since her arrest she has been in the county jail. Her two children, John, 8, and Inez, 6, are with her sister, Mrs. Irene Binkholm, 2401 South Park way.

FEAR KIDNAPING OF BOY, 13, FROM RICH KIN'S HOME

Search was being made in Chicago early this morning for John Leonard, 22 years old, who gave his address as 4060 North Keystone avenue when he took employment at the big summer resort on Davis lake, near Wauconda, conducted by Charles Lomax and his son, Leroy. With William Wilson, 13 year old nephew of Leroy Lomax, Leonard disappeared yesterday. After he left it was found that \$300 in cash and \$150 worth of clothes were missing.

Sheriff Ahlstrom sent Peter Cretelard to Chicago with a warrant for Leonard's arrest. The Lomaxes are reputedly wealthy and it is feared the Wilson boy, whose home is in Rockville, Ill., and who was spending a two weeks' vacation at the resort, has been kidnapped.

Kresge Gives \$23,000,000 to Aid Public

New York, May 18.—(Special.)—Sebastian S. Kresge, chain store owner, who has amassed a fortune estimated in excess of \$100,000,000 since starting his business career with a capital of less than \$8,000, will give away approximately \$23,000,000 to be used for charitable and public welfare purposes. Announcement to this effect was made today.

The gift will be made to the Kresge Foundation, which was established by Mr. Kresge in 1924. The foundation was started with a gift of \$2,000,000, and the new donation will make about \$25,000,000 available for its philanthropic work.

Efficiency in Distribution.

The first work of the foundation will be a survey to determine the best channels of distribution. This survey will follow the lines adopted by the Sage, Guggenheim, and other foundations, which went deeply into social problems in determining the best methods of giving away money. When a specific program has been decided on distribution of money will be left to the discretion of the trustees of the foundation.

Further gifts will be made to the foundation from time to time as the work progresses, according to Mr. Kresge's present intentions. It was explained that Mr. Kresge, having made ample provision for all his dependents, had decided to devote a large part of his wealth to the public. He already has made many large gifts of this character. He also has contributed large amounts for religious work and for the cause of prohibition.

Made in Form to Grow.

The new gift to the foundation will consist of 500,000 shares of S. S. Kresge company common stock, which has a market value on the stock exchange of approximately \$45 a share. The stock pays dividends of \$1.20 a share per year, which will give to the foundation an income of \$600,000 annually at the start. The potential income of the foundation, however, will be much larger.

DOCTOR TAKES WRONG BOTTLE; THEN GETS HELP

Suffering from what is called "heart burn," a form of gastritis, Dr. George C. Lipschultz, 190 North State street, has been in the habit of taking some bicarbonate of sodium.

Last evening, however, he took a dose from what seemed a familiar bottle, then discovered that he had taken chloral hydrate, a poison. Accounts differ as to whether he was found unconscious and taken to the West End hospital or whether he was well enough to go there of his own accord.

At any rate, he was treated there and will recover. He is a surgeon, living at 815 South Lawndale avenue.

War Really Over; Germans Visit Shambles of Verdun

(Chicago Tribune Press Service.) VERDUN, France, May 18.—The war is indeed over when German tourists in autos visit the bloody soil of this shambles of war. About 150 German miners, the first important group of Teutons since the conflict to visit the region of terrible memory, where the solid rock French defense broke the wave of German attack again and again, arrived today. They are delegates of the German Christian pacifist societies, which are allied to similar organizations in France.

EUROPE RAISES FEAR BOGY; CUT ARMS, U. S. URGES

League Parley to Limit War Forces Opens.

GENEVA, May 18.—(AP)—Nations here today began a parley to limit the armaments of nations, which was the first of a series of meetings to be held in Geneva during the summer months. The parley was opened by the president of the League of Nations, Raymond Dugès, who declared that the purpose of the meeting was to bring about a general reduction of armaments, and to bring about a general agreement to limit the armaments of nations.

France mentioned in the great war, emphasized the fact that the League of Nations was not a league of nations, but a league of nations, and that the purpose of the League of Nations was to bring about a general reduction of armaments, and to bring about a general agreement to limit the armaments of nations.

Urges Regional Disarmament.
In the first place, as if meeting in Geneva, which was the first of a series of meetings to be held in Geneva during the summer months. The parley was opened by the president of the League of Nations, Raymond Dugès, who declared that the purpose of the meeting was to bring about a general reduction of armaments, and to bring about a general agreement to limit the armaments of nations.

Special attention was paid to Mr. Dugès' words that America would take steps tending to a further limitation of competitive naval construction as a supplement to the Washington conference.

"Must Not Disappoint Peoples."
Mr. Dugès' statement that it is important to consider not only general disarmament principles but also make an effort to isolate as many concrete points as possible and deal with them directly and practically was warmly received by the American delegation.

"Britain Favors Disarming."
Lord Robert, who declared that England's responsibility to her overseas possessions or mandated territories was the measure of possible reductions in her land forces and also probably in the number of British cruisers, but he thought that reductions could be made by agreement in the size of the cruisers and in the number of submarines.

He asserted the British people are "passionately desirous" of seeing a general reduction of armaments.

MARRIED

Mrs. M. P. Illitch, formerly Kathleen Clifford, musical comedy and screen actress, whose marriage of "several months ago" to Los Angeles banker is announced.

uring a reduction of armaments—one of the chief causes of that high taxation which leads to unemployment.

France Wants Guarantees.
For France, M. Paul Boncour agreed that positive reductions could only be carried out in peace time armaments, but insisted that the nations could not accept reductions imposed by any conference unless convinced that the total forces of an enemy could bring against them in troops or in economic or financial equipment would be taken into consideration in estimating the reductions.

Count von Bernstorff, former German ambassador to Washington, who heads the German delegation, said the German government and people hoped that Europe was not headed for another war. The best way to avert that was to reduce armaments.

TWO WAY DRIVE, OAK TO NORTH, SEEMS ASSURED

Opposing Property Owners Agree to Project.

Widening of Lake Shore drive from Oak street to North avenue by adding another driveway to the east of the present roadway seemed assured yesterday with the announcement of directors of the North Central association that opponents of the plan had agreed to a double drive.

The long controversy between property owners along the drive, whose consent to any improvement was necessary, whether the street should be made into a single drive 100 feet wide or a double drive with a parkway in the center, ended yesterday when Charles A. Monroe, 1234 Lake Shore drive, spokesman for property owners endorsing the single drive, informed the directors of the association that his group had agreed to the two way boulevard.

Contingent on Board Action.
Mr. Monroe's consent is contingent on agreement by the Lincoln park board that all land east of the widened drive will never be used for any other than park purposes. A committee comprised of William S. Kline, president of the Lake Shore Trust and Savings bank; John S. Lee, an attorney, and J. C. Cox, treasurer of the William Wrigley Jr. company, will call upon David H. Jackson, president of the park board, in an effort to get their consent.

Mr. Jackson said last night that the park stood ready to enter into any agreement that would hasten the improvement. The terms asked are the same which the property owners have proposed. The land was donated for the present drive by residents with the understanding that all land between the drive and the lake was never to be used for any but park purposes without their consent.

May Start Work at Once.
If the park board and property owners come to terms immediately, Mr. Jackson said that work could be started in thirty days and that the new drive could probably be finished within sixty to ninety days.

The finished improvement will consist of two boulevards, each 45 feet wide, with a ten foot parkway in the center. The street intersections will be cut through to the northbound roadway. The present roadway, which is forty-five feet wide, will not have to be touched and traffic will not be interrupted during the improvement.

The park has been trying for three years to break the bottle neck which has piled up traffic continually at Oak street. The board has consistently held out for a double drive to preserve the beauty of the trees along the present roadway and because of economy in construction. The property owners have been divided, and the park board was unwilling to go ahead with the project until unanimous consent had been obtained.

O'Banion's Widow to Face Speeding Charge May 25

(Picture on back page.)
Mrs. Viola O'Banion, 3600 Pine Grove avenue, widow of Dean O'Banion, will be arraigned in the Speeders' court on May 25. She was arrested early yesterday after a chase by a motorcycle policeman in Rogers Park. She was alleged to have been driving at a speed of 55 miles an hour. With her was a man whose identity was not learned by the police.

MARILYNN MILLER AND JACK PICKFORD AGREE TO LIVE SEPARATELY

New York, May 18.—(AP)—Marilynn Miller, musical comedy star, through a companion today confirmed the announcement of her "friendly separation" from Jack Pickford, movie star, as announced by him at Hollywood.

Miss Miller evidently had anticipated the question, for, having moved from her apartment at the Marguery hotel to the Ambassador, she left word that interviewers should be referred to the new address. Calling the Ambassador, reporters were answered by a woman, who read a brief note prepared for "the press."

"Miss Miller is out," she said, "but she said to say there has been a separation—perfectly friendly, and there is no talk of divorce."
"Miss Miller was with Mr. Pickford considerably when he was here and they are very friendly, but they thought it best to separate for a while."

North St. Louis Trust Co. Day Holdup Victim

St. Louis, Mo., May 18.—(AP)—Five or six armed men held up the North St. Louis Trust company today and escaped with approximately \$30,000. The robbers forced about forty persons in the bank to kneel, facing the wall.

HUNT ESCAPED CONVICTS NEAR LOWDEN FARM

Timber southwest of Oregon, Ill., near the farm of former Gov. Frank O. Lowden, became the scene of a man hunt yesterday when Sheriff S. N. Dodson of Ogle county was informed that two men believed to be James V. Price and Charles Duschowski, who fled from Stateville prison with other convicts after the murder of Deputy Warden Klein, had ransacked a farm house for food.

The men eluded the posse, but farmers were warned by telephone to watch for the pair.

They had appeared at the farm of Harry Wilson and frightened away Wilson's wife and children, who fled to Wilson, out in the field. When he returned he found the house had been ransacked, but that apparently only food was taken. The description of the men fits Price and Duschowski, Sheriff Dodson was told.

Ex-Empress Zita Loses Court Fight on Crown Gems

PARIS, May 18.—(AP)—Zita, former empress of Austria, has lost her case against the purchasers of Austro-Hungarian crown jewels. M. Girard, the examining magistrate, held she had not made out a case against Joseph and Jacobus Bienenfeld, jewelers, whom she had charged with fraud in connection with the sale of the gems.

HAROLD BRADLEY HEARING STICKS ON COMPROMISE

Expressing dissatisfaction of the proposed terms of settlement of the tangled financial affairs of Harold Bradley, former Chicago realtor, Attorney Gilbert Wagner, representing the Chicago Title and Trust company, won a continuance of the case yesterday until tomorrow morning before Harry A. Parkin, federal referee.

Mr. Bradley's counsel, John S. Hummer, appeared to offer \$3,000 in settlement of an alleged indebtedness of \$4,697.87 against Bradley held by Lloyd G. Kirkland, trustee for the bankrupt Sheridan-Surf apartments.

It had been understood that the compromise settlement would be acceptable to all concerned and that yesterday's proceedings would clear the road for the return of Bradley to Chicago. Mr. Bradley desired to return. But Attorney Gilbert declared that according to his figures the Bradley corporation owes approximately \$12,000 to creditors, and that Bradley personally owes \$30,000 or \$40,000.

Mr. Hummer refused to divulge Bradley's backers.

ATHLETE SAVES MAN AND BOY FROM DROWNING

(Picture on back page.)
Ray Hamquist, 22, 7344 South Shore drive, a former Bowen High school athlete, saved the lives of a man and a boy yesterday afternoon when he plunged into the cold waters of a lagoon in Cicero park at 64th street and Racine avenue.

The boy, 11, had been wading along the edge of the pool. Suddenly he slipped into deeper water. An elderly man tried to rescue him, but only was able to keep him afloat. Hamquist, who was working as a surveyor for the south park board near by, went in and rescued them.

After receiving first aid they thanked him and disappeared before police could learn their names.

PAROLE ABUSES ARE EXPOSED IN PRISON RECORDS

Jenkins and Colvin Called to Explain Leniency.

(Continued from first page.)

years, but the parole board shortened his punishment to less than 5 years. He was paroled July 15, 1925, and since Sept. 20, 1925, police have been hunting him for violation of parole.

Killer Liberated in 8 1/2 Years.
Philippe Schellack killed Vincenzo Di Vito on Sept. 4, 1916. He took a chance with a jury, but pleaded guilty, was sentenced to 25 years, but was freed by the parole board in 8 1/2 years, date of release being June 12, 1925.

Another Murderer Turned Loose.
James E. McCullum was given special consideration by Gov. Small, who commuted a twenty year sentence for murder and allowed McCullum to walk from the penitentiary in less than eight years. McCullum was a partner and partner in the saloon where they killed Harry Goldberg, 192, South Madison street. The same night, June 23, 1916, he went to Terrence's home and shot him dead. McCullum had just finished a year's sentence in the house of correction on a robbery charge at the time of the murder. His gift of freedom from Gov. Small was on Jan. 9, 1925.

Holdup Murderer Gets Parole.
Edward Kreinhelle was of the type of robber who kills at the least excuse. He and three others were holding up the restaurant of William Spigler, 307 Roosevelt road. For some reason they killed Harry Goldberg, 192, South Madison street. Kreinhelle pleaded guilty to the murder and also to four robberies and began a twenty-five year sentence April 21, 1915. The parole board decided the crimes had been expiated on April 7, 1925, and sent Kreinhelle back to Chicago.

Gets Life; Out in 9 Years.
Patrick Walsh, 3136 Normal avenue, cut his wife's throat on Jan. 11, 1916. He was sent to Joliet for life, beginning May 6, 1916, but he came forth March 30, 1925, very much alive.

Slayer Freed in 8 Years.
Charles Gule was a robber, and on April 12, 1916, entered the store of T. S. O'Donnell, 54 East 13th street. Joseph F. Heis, a salesman, was alone in the store. Gule killed him and dragged the body to the basement, and was caught there hiding on top of a boiler with a revolver in his hand. The verdict was 20 years' imprisonment, but the time he actually served was from March 12, 1917, to July 28, 1925, the date of his parole.

RAPISTS ARE FREED

Any number of rapists were found in the list of the men paroled in what the authorities here say was an extremely short time for crimes of the enormity of these:

Attacked Girl, 11; Gets Clemency.
Tony Sansone took advantage of an 11 year old girl and infected her with

a venereal disease. His punishment was fixed at 10 years, beginning Oct. 5, 1921, but the parole board decided he had paid his debt to society by Dec. 19, 1925, and released him.

Escapes; Recaptured; Freed.
Walter Pinkowski was both a burglar and a rapist. May 17, 1918, he entered the home of Catherine Suida, 2310 Linder avenue, then 19 years old, and attacked her. He had previously served two prison sentences for burglary and this time he pleaded guilty to rape and was sentenced to 10 years, of which he served about 4 years, the record being:

Received at Joliet, July 10, 1918; escaped May 16, 1920; recaptured Jan. 31, 1923; paroled Sept. 5, 1925.

Sentenced 8 Years; Serves 3.
William Johnston, 4408 Sheridan road, was arrested on two charges of rape; one of the girls being 14 years and the other 17. He was a business man and the attacks occurred in his office. He pleaded guilty on one charge and was sentenced to 8 years. The parole board cut that to 3 years, his time in Joliet being from March 18, 1922, to March 26, 1925. He was not prosecuted on the other indictment.

Freed Twice on Parole.
Thomas Goldberg, alias Goldsberry, 2320 Orlington avenue, Evanston, dragged Mrs. Laubacker G. Kerr, 6418 North Rockwell avenue, into a parlor near Western and Devon avenue. He struck her with a revolver in overpowering her. That occurred Feb. 10, 1919. The charge on which he was convicted was assault to murder. The crime charge not being proved, the parole board could have kept him in the penitentiary fourteen years, but instead freed him Nov. 10, 1925, after less than six years' imprisonment. At the time of the attack Goldberg was a parolee.

Turn Killer Loose in 20 Months.
Emilio Nicoletti, 1112 West Erie street, was charged with rape, murder and larceny. Susie Rogers, 19 years old, 1806 Warren avenue, accused him of forcibly taking her into a barn at 740 Austin avenue and attacking her, Dec. 31, 1922. While awaiting trial on that indictment and two others for larceny, he and Frank Albright and John Mango killed L. E. Peterson, May 6, 1923. Peterson was kicked and beaten to death, then robbed. The murder proof wasn't as strong as it would have been had Nicoletti not allowed to plead guilty to manslaughter, the punishment for which is one year to life. The parole board let him out in 20 months.

BRIEF TERMS

Paroles after brief imprisonment were found to be numerous in cases where violence was displayed by robbers and burglars. A few of them are:

Brutal Crime While on Parole.
Stephen Novak's case is one of the most flagrant. While on parole, on Dec. 22, 1925, he and two other burglars invaded the home of Mrs. Anna Dillick, 2022 Russell street. They tied the woman with ropes and also tied her 4 year old baby in her lap, then ransacked the house, obtaining \$220. Instead of being tried for this crime, he was merely returned to prison for violation of parole.

His former record is: Sent to House

of Correction for larceny March 5, 1917; Jan. 5, 1920, sent to Joliet for robbery. Paroled Dec. 5, 1923. Returned for violation of parole July 11, 1924, and again released June 18, 1925, although charged with a robbery during his year of freedom. Another robbery charge was stricken off after he went back to jail Feb. 25, 1926—3 months after the Dillick home outrage.

Partners in Crime Freed.
Julius Woss and two others engaged the taxicab of Rudolph Wiers on Sept. 14, 1924. At 119th and Throop streets they robbed and beat him and left him lying for dead on the roadside. They were arrested the same morning with this result:

Woss pleaded guilty to grand larceny April 10, 1925, sent to Pontiac, released on parole in 11 months, March 15, 1926.
Sigmund Smolek was one of his companions and was freed from Pontiac on parole the same day.

Robbed 28; Out in 3 Years.
John Nolan committed 28 robberies with two other men. In one of the robberies Florian Novak, storekeeper at 958 North Ashland avenue, was shot. Nolan pleaded guilty on four robbery indictments and was sentenced to from 3 to 20 years on each. He served less than 3 years on all charges, being sentenced Sept. 26, 1922, and paroled March 27, 1925.

Bomber Abuses Clemency.
Richard Burke, 7424 Kimbark avenue, was caught in the act of throwing a bomb which wrecked a store at 7307 South Halsted street, Sept. 13, 1921. He pleaded guilty, was sent to Joliet June 28, 1922, paroled March 26, 1925, and has been wanted for violation of parole since Sept. 5, 1925, about which time a reign of terror by bombers began.

Shoots and Robs; Gets Out.
William Pemberton, 329 Wendell street, was experienced in the law's leniency. In January, 1921, he was put on probation for one year for a crime. On May 3, 1922, he was found not guilty of a robbery. Feb. 9, 1923, he was not so well treated, being sent to Joliet supposedly for from 3 to 20 years, but in reality until Oct. 25, 1925, when he was given a parole. There were two robbery cases against him, in both of which the victims had been maltreated, one beaten, the other shot.

One Parole Isn't Enough.
John Mangan had been a burglar for his first incarceration was in the House of Correction, the next Pontiac and then Joliet, from which he was paroled April 24, 1923. Five months later he was one of four holdups who robbed and shot Bart Curtin, saloonkeeper, at 734 Root street. Instead of having him tried for this crime, the parole authorities took him back to Joliet Jan. 29, 1924, only to again release him March 25, 1925.

Parole Crouds Minimum.
Joseph Small had been in and out of Joliet penitentiary twice on paroles and in and out of the House of Correction twice, his crimes being robbery, larceny, and assault with a deadly weapon. Then on March 23, 1922, he blackjacked John Venturis in a store at 2960 South State street. For this he was sent to Joliet again, on June 6, 1922, his minimum being

3 years, maximum 20 years, but the parole board let him out March 25, 1925, and he is now being hunted by the police.

Easy for Brutal Holdup.
William Schuknecht, 1823 North Spaulding avenue, held up Jacob Kischner in his store at 3260 Beach avenue. Besides robbing a woman customer, Mrs. Edwin Treza, 533 Oakdale avenue, Schuknecht shot Kischner.

On Oct. 23, 1925, he pleaded guilty to grand larceny and went to Joliet, where the board terminated his imprisonment by parole May 30, 1925. Among the plain and fancy robbers and burglars whose punishment in no way fit their crimes—according to police and prosecutors' views, are:

Has Long Record; Serves Year.
Daniel Dougherty obtained \$4,000 of loot in two burglaries in November, 1922. He had a record of several convictions and a jury sent him to Joliet, the maximum time being twenty years. The parole board, however, fixed it at nearer the minimum of one year, his imprisonment being from Jan. 30, 1923, to March 14, 1925.

One Parole After Another.
Robert McMullen, sent to Joliet May 2, 1923, for robbery, paroled Feb. 21, 1925, returned for violation of parole March 25, 1926, and was again sent to Joliet.

Nov. 6, 1925, and repared twenty-seven days later—Dec. 3, 1925. McMullen was an active participant in four robberies, had a long record as a burglar and robber, was paroled from Pontiac on Sept. 2, 1918, and was given another Joliet sentence Feb. 25, 1921, which was later reversed.

Gets Second Parole in Month.
Sam Horwitz had served three sentences of one year each in the House of Correction for burglary. But that was his business, and he kept at it, making a good "haul" Feb. 15, 1923, at the Donchian Rug company store, 2331 Wabash avenue, taking rugs valued at \$2,800. He pleaded guilty and went to Joliet April 14, 1921, received parole June 11, 1925, returned for violation of parole Feb. 27, 1926, and a month later—March 25, 1926—was repared.

Robs Women; Out in 2 Years.
George Bennett flashed his revolver in front of the faces of three women on the night of Aug. 34, 1923, obtaining \$200 from them. On Aug. 14, 1923, he held up two men and obtained property valued at \$100. When arrested, most of the property was recovered. Judge Schuknecht thought his crimes so serious—Bennett having a previous record of imprisonment—bonds were fixed at \$175,000 pending trial. The parole board thought two

years was sufficient time for him to serve, releasing him Nov. 29, 1925, he having been sentenced Nov. 22, 1923.

\$8,000 Loot; Gets Clemency.
Peter F. Reel served 4 years and 8 months for a burglary, but that is no consolation to Nanner Salamy, owner of a fancy goods store at 1806 South Wabash avenue, who lost \$8,000-worth of imported dress goods when Reel last visited the store, Sept. 12, 1925. Reel had a previous record that included murder, burglary, and minor crimes. He would have been kept in prison 20 years, but wasn't. His time there being from April 7, 1921, to Dec. 19, 1925, when he was paroled.

Out and In and Out Again.
Frank Zelinski, 1908 Halsted street, only had 6 charges of robbery against him—the penalty on each being imprisonment for from 10 years to life in the discretion of the parole board. He pleaded guilty to grand larceny Dec. 1, 1922, and his parole was handed him Dec. 20, 1924. He violated parole and was returned to prison June 19, 1925, and was last heard from as leaving the penitentiary on a writ Oct. 31, 1925.

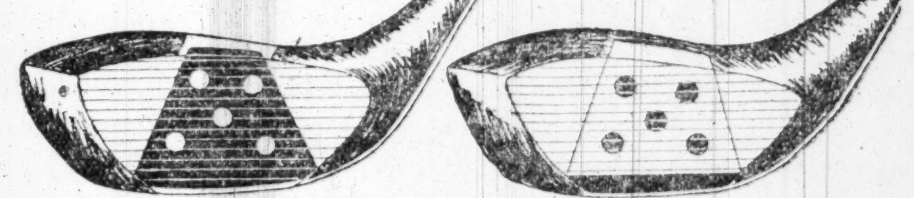

HELD FOR ATTEMPTED BURGLARY.
Charles Munro, 32 years old, a candidate for South State street, was held to the grand jury yesterday in bonds of \$25,000 charged with attempting to enter the home of Mrs. Ida Smith, 3406 Corn Avenue. "Munro" is a well-known name in the underworld, and his last home was destroyed by a fire.

FLYER DIES IN STORM; HARVEY HOMES UNROOFED

Small Tornado Causes \$300,000 Damage.

(Continued from first page.)

Apartment building at 15418 Loomis street and carried two blocks to the yard of the public library. Some of the beams crashed into the roof of the library and damaged it. Wesley Hinton living at the same address, narrowly escaped death. He had just left his garage and entered his home when the smaller building was torn to bits by the tornado.

Power Wire Broken.

Houses along Myrtle avenue in the path of the storm suffered serious damage. Two garages in the rear of the home of H. Tompkins, 15423 Myrtle avenue, were lifted from their foundations and hurled against an electric light wire, destroying service.

The Ellis club was damaged, as was the Arlington hotel. Windows of every house in the stretch three blocks wide were broken. A street car was struck at 1524 street and Page avenue by lightning and slight shocks were felt by twenty passengers.

Streets on Chicago's south side were flooded, the water in some places standing three or four feet deep. Caves of sewers were reported at 79th street and Stony Island avenue, 7428 Dorchester avenue, 78th street and

Champaign avenue, and 73d street and Merrill avenue.

8 INJURED DOWNSTATE.

Springfield, Ill., May 18.—(AP)—Eight persons were injured, farm residences and outbuildings were damaged, and vast property loss was occasioned by one of the heaviest rain and wind storms that has struck central Illinois in many years.

Several residents of Springfield were injured by motor cars being driven during the blinding rainstorm. Among these was Dr. E. B. Rogers, former member of the Illinois legislature.

In other towns in central Illinois the storm almost reached cyclonic proportions.

DEVER TO URGE DEPARTMENT OF AUDITS FOR CITY

Creation of a new city department of audits will be recommended by Mayor Dever in a message to be sent to the city council today.

The department, under the mayor's plans, will be under a director or commissioner of audits, with a salary of probably \$10,000 a year.

The department will keep a continual audit on all municipal funds and carry out other duties that belong to the auditing department of a business concern. It will be independent of the city treasurer and comptroller.

POLAND NEEDS A
WASHINGTON.Gen. Haller is reported organizing an army in
Posen to march on Warsaw and wrest it from Mar-
shal Pilsudski. Another army, under Gen. Mus-
nicki, is also on the march. Pilsudski is finding it
difficult to organize a government to replace the one
he ousted.Poland's neighbors must be observing the trend
of events with satisfaction. Germany wants to re-
cover Posen, Silesia, and Danzig. Lithuania wants
Vilna. Russia wants a route to Germany which
will not cross Polish soil. The Czechs have designs
on Silesia. Polish disunion will not make the task
of achieving these ambitions more difficult.Disunion within Poland made possible the series
of partitions which began in 1772 and ended with
the disappearance of Poland as a political unit in
1795. The Poles have been inclined to place all the
blame for the national catastrophe upon their avar-
icious neighbors and to slur over their own re-
sponsibility.If the reports regarding military movements in
Poland are to be believed, Poland is started on the
road which leads to civil war. The trend should be
clear within the next few weeks. Poland's
hope for survival lies, we think, in the emergence
of some man who can unite the factions. To rely
upon the power of France to restrain the ambitions
of Poland's neighbors is contrary to all the teach-
ings of history. A nation which counts upon for-
eign friendship for its existence is the constant prey
of circumstances over which it has no control.We do not believe the seriousness of the Polish
situation should be minimized. The possibility of
civil war is by no means remote. The temptation
to take advantage of Polish disunion may not be-
come too strong for the neighboring powers to
resist. If Poland is invaded, France may attempt
to send troops across Germany to the defense of
her ally. Germany may be expected to oppose the
project.We do not believe that western Europe wants
another war now. More good will went into the
signing of the Locarno treaties than has been ob-
served in Europe in a long time. It would be a
strange irony if the Locarno treaties, which were
intended to guarantee existing boundaries for the
sake of peace, should lead Europe into another war.BLOSSOM TIME IN THE
ORCHARD COUNTRY.The American has a ready contempt for any
people that neglects its natural resources. He
classifies that people promptly and without reser-
vation as backward if not inherently inferior. It
would be wholesome for him to check up some of
the natural resources we at home neglect. We are
not thinking of mines or water powers but of
some very great values which go to make life
better worth the living and we have just now
in mind the natural resources of beauty which
we in the Midwest possess and largely ignore.For example: The orchard region of Michigan
in blossom time is unquestionably one of the show
places of the earth. It is doubtful if there is
anything more lovely than the peach, apple, pear,
plum and cherry trees in blossom and when mile
after mile of them come into bloom we need not
go to Japan across the Pacific to enjoy a sensation
of color and form and fragrance worth a journey
round the world to find.The Japanese have enjoyed the blossoming tree
for a thousand years. The blossoms of the plum,
the pear, the peach, and most of all, the cherry
have each their significance to the Japanese people
and as they appear the whole nation goes forth to
enjoy their beauty. Cherry blossom time in Japan
not only draws travelers from Europe and Amer-
ica. That is a minor feature of that famous fes-
tival. It is also a period of rejoicing for the Japa-
nese, who leave cities and towns and make long
pilgrimages to view the famous orchards which
are well known in their history and literature.But the orchard country of Michigan, and for
that matter, the orchard districts of Illinois, Wis-
consin, and other middle western states, are as
well worth enjoying for their beauty in blossom
time. There is not much that is spectacular in our
region but an orchard in full bloom is as specta-
cular as can be found. We have it now. The Japanese
go by rail or on foot to see their orchards. The
automobile and good roads, trolley lines and rail-
roads and ships will carry us to the orchards of
our own region. Isn't it time to enjoy this un-
surpassed resource of beauty and make it an annual
festival as the beauty loving Japanese have done
through many centuries?We Americans are much scorned for a utilitarian-
ism which in fact we are making more delib-
erately and purposefully humane than any people
in history has tried to do. We need not bother
about that misunderstanding. It does not hurt us.
But we can do much to increase for our own ben-
efit our enjoyment of the best things we possess.
Our region hereabout is full of beauty. If we did
as much as the intelligent citizenship of, say,
southern California, to make our resources avail-
able, to develop and exploit them, we should add toour real wealth, not merely to the wealth of the
pocket but the wealth which is health and happi-
ness.We don't blame the Californians for their en-
thusiasm and their pride in California. We ought
in fact to rejoice with them and be proud of the
amazing system of clean and inspiring enjoyment
of life which their good taste and civic pride have
brought forth. There is a democratic society of very
high average intelligence and character is proving
what democracy may do to rival the achievements
of any enlightened autocracy. But why not emu-
late its wisdom and its fine sense of the possi-
bilities of life?Let Blossom Week become a festival season and
let us take the suggestion it offers to develop all
our natural resources of beauty and intelligent
enjoyment. We have no snow clad peaks or
mighty canyons, but the great valley region has
beauties as deeply moving to the heart and mind
as those—the orchards in their glory, the serene
sweep of the prairies, the peaceful majesty of
great rivers, the iridescent moods of the ever-
changing inland sea, the charms of wood and
meadow, of lakes and streams. These riches of
the civilized mind are at the command of us all
in these days of cheap transportation. What we
need is to realize what we have and to take pos-
session of it.

BASIC AMERICAN IDEAS.

An opportune occasion, the 150th anniversary
of the Virginia resolutions, gave the President a
congenial topic on Saturday and he made good
use of it.The Virginians of 1776 were by no means think-
ing wholly on a lofty plane of political abstraction.
Their determination to be independent of king and
parliament was substantially weighted with con-
siderations of material interest, but their leaders were
of political genius, saturated in political philosophy
as well as experienced in practical affairs. To a
remarkable extent all the colonists, were accus-
tomed to political ideas and Mr. Copeland would
have met on the occasion he commemorated a
quicker and more intelligent response to his wise
appeal than it will get among a very large part
of his countrymen today.That is an opinion with which many Americans
may hotly disagree. But if there is any fact which
stands out among recent tendencies in American
political action it is the absence of respect for what
the men of 1776, the real leaders who were crystal-
lizing Americanism, deemed of vital importance
to the welfare of a free people. The men of 1776
were confronted with the same problem that vexes
us today, the problem of harmonizing national
unity with individual liberty and local autonomy.
They devised a masterpiece of political architecture
which has withstood the storms and strains of
nearly a century and a half. But no popular gov-
ernment can long outlive the understanding of its
basic principles by the people it shelters, and the
most ominous—we think the only ominous—port-
ent in our bright skies today is the disregard of
principles essential to the American system of
ordered liberty, essential to the harmony of na-
tional evolution and the survival of individual
freedom within it.It is not only that we must maintain a balance
between the powers or proper responsibilities of
the national government and those of the local gov-
ernment, though that deserves all the emphasis the
President gives it. It is not only that we must
guard against the undue influence of organized
minorities exercised in the immunity of a major-
ity's indifference. It is the greatest need of the
American people today that they should awaken to
the basic principle of American liberty, which is
not, as is so often asserted nowadays, obedience
to the rule of any majority, but the assertion of
individual right, inherent in the weakest, which no
majority may of right override or repeal.This was and is the chief source of our harmony
and our unity and the chief factor in our moral
and intellectual progress. To ignore it or override
it in the name of public morals or social progress,
as many well meaning people propose, is to sell
our birthright for imagined gains that never will
arrive.THE FALSE WHISKER
SCHOOL OF AUTHORSHIP.Sinclair Lewis is obtaining the material for his
next novel by posing as a book agent in order to
gain ready access to preachers in country towns.
He hopes by concealing his identity and purposes
to pry more successfully into the lives of ministers
and the affairs of their churches than he could by
other and more honorable means. Other writers
of fiction may rely, in the old-fashioned way, upon
creative imagination, and an understanding of
human motives; he will have nothing less than a
confession, and he will not hesitate to wear false
whiskers to get it.Mr. Lewis, it will be recalled, declined a prize of
\$1,000 for his last novel because, as he explained,
the granting of prizes has a demoralizing effect
upon authors. Mr. Lewis was overzealous. We
believe he might have accepted the money without
seriously impairing his own standards, at any
rate.

Editorial of the Day

"CAPITALIST" PRESS.
[Des Moines Register.]One thing brought out by the British strike is that
when workers acting on their own initiative refused
to produce newspapers containing "capitalist" edi-
torials and thereby halted publication of all the news-
papers they thereby gave to the other side of the
controversy absolute control of publicity.The point is that while the "capitalist" press
continued, labor had an opportunity to state its case,
and the case was stated in these very papers which
were opposed to labor. But when these papers sus-
pended, labor had no means of expression, while the
government was enabled to draft volunteers to issue
the official British Gazette, wherein it voiced only
the government case.It must still be the exception, of course, when a
paper experiences prosperity without becoming
strengthened in what the Socialists like to call the
"capitalist" type of conservatism so far as its own
philosophy is concerned. But the really big con-
servative papers are not guilty of carrying their con-
servatism into a censorship of the news they print.
Hence when the British workers objected to anti-
labor editorials and stopped work lest these editorials
be disseminated they were guilty of that short vision
which cuts off the nose to spite the face.

GLAUCOMA.

H. H. writes: Have you ever
written an article on glaucoma?
I have been a regular reader of
your valuable articles for sev-
eral years past and do not remember
seeing such an article. Would it not be
of considerable interest and aid to many
of your readers to have an article from
you on the aspects of and remedies for
this trouble of the eye?
I think I realize what it is, the harm
it does, its degree of prevalence and what
offers hope of relief.REPLY: You agree with Poley and he with you.
In his "Hygiene of the Eye" he writes:
"Primary glaucoma is of paramount im-
portance to the layman and the necessity
of an appropriate, intelligent and char-
acteristic even more important than that
of cataract."In glaucoma there is an increase in the
fluid within the eye ball. This structure
is a sac with a thick, dense wall which
is incapable of stretching. When the
fluid in this sac is under very great
pressure the weakest point in the sac
wall begins to bulge outwardly. That
weakest point is the optic nerve. When
through which the optic nerve passes.
When bulging starts there the optic
nerve begins to go out of business. As
the optic nerve becomes progressively
weakened the sight goes by the same
stages.Lining the dense sac on its posterior
part is a very delicate layer—the retina.
Pressure of the fluid against the dense
wall of the sac causes the delicate retina
out of business—another cause of loss of
vision. As the retina is destroyed it turns
to a greenish hue. Hence the name,
glaucoma.There are all sorts and kinds of glau-
coma. Any cause—acute or chronic—
which causes too much fluid to accumu-
late in the eyeball is a cause of glau-
coma. The term is used for all condi-
tions in which there is an excess of fluid
inside the eyeball. Some of these causes
blindness in a few hours; some have but
little tendency to cause it ever and the
great majority are in between these two
extremes. The eye specialist has an in-
strument called the tonometer by which
he records the height of the fluid level.
After the condition has progressed to a
fairly late stage, he can feel the differ-
ence with his fingertips. Eventually
even an unskilled layman can recognize1. No. Weight is right.

of the People.]—I live in a stove heated
apartment. The owners of the building
have refused to furnish screens for the
windows. They claim that the require-
ments for screens do not apply to stove
heated apartments.REPLY: 1. Is this true?
2. What is the law about screens in the
summer?
C. W. M.REPLY: 1. No.
2. Sec. 2174 of the code provides that:
"It shall be the duty of every person
owning or controlling a building, or any
place where persons are housed, to main-
tain and where food is kept, to maintain
the same in a clean and sanitary condition
from April 15 to Nov. 15, 1926." Since
this ordinance is equally applicable to
landlord and tenant, it authorizes the as-
sessment.

CHICAGO.—Mr. and Mrs. Robert

ever made from New York to Chicago.
He declared she is now ready for a
trip to San Francisco. The couple,
with their mechanic, pulled up at the
Elbow house, 385 Ashland boulevard, at
8:57 o'clock last night. They left New
York at 7:30 o'clock in the morning of
May 8. Their actual running time
was 98 hours and the estimated
distance traveled 1,100 miles, making the
average running time 11.23 miles per
hour. Mrs. Shaw said that in every
town through which they passed the
authorities urged them to make a
speed record while inside the limits.
It was only in their own home town
they were stopped. As they came up
Drexel boulevard a "sparrow cop"
shouted: "Hey, you're going faster

Shaw yelled back: "You're a bad judge

How to the Line, let the

MAY RAIN.

To E. R. S.
We marked the smell of poplars through
The drifting evening rain,
And I thought all those thoughts that do
Disturb me like old pain.Here was the springing of the grass
And fruit trees showing green,
Though all a-through my mind did pass
A last year's sorrow keen.And how was it, strange, serious child,
That you should walk by me,
To trace across my mind your mild
And Irish thoughts' tracery?To note to me the passing rain
In the yellow bushes,
To give to me to ease my pain
Your many wishful wishes?I think you did not know nor see,
For all we marked together,
The little older wine in me,
At the whispering weather.And marking those sweet poplars through
The May rain cold and fleet,
If I spoke thoughts like showers to you,
There in me stung a sleet!

DAVID SORTER.

IT'S GETTING more and more dreadful. Gen.
Sosenowski tried to commit suicide and Count
Skrynski bulks. Yessir, the newspapers say so.
What Count Skrynski is talking about we don't
know. Nobody knows. But we do know that the
poet laureate of Poland is in for a hard time.

AND PROUD OF IT.

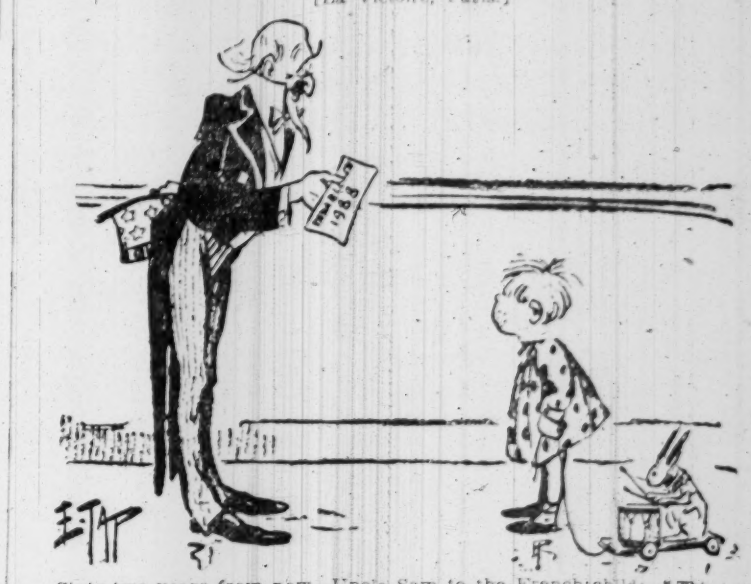

RHL: Was riding in a bus yesterday, and when
some one got off I made a dash for the seat. I
got to the seat before a blonde dropped. (See-
ing I had my eye on the seat, it thought I was
about to have the rest of me on it, too.) This

"I'll say I'm not. I prefer brunettes any old time."

UNCLE SAM'S NICE LITTLE NOTE

[La Vieillesse, Paris.]

Sixty-two years from now—Uncle Sam to the French child: "This is the
last draft; your great-grandfather signed it."

VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300 words. Give full names
and addresses. No manuscripts can be returned. Address Voice of the People,
The Tribune.THE WASHINGTON STATURE.
Chicago, May 15.—My attention has
been directed to a communication from
Mrs. G. D. Reynolds which appeared in
the Voice of the People under date of
May 12, concerning the proposed mov-
ing of the Washington monument.This proposition was suggested by
the Kiwanis club of Hyde Park. The
feasibility of carrying out this request
is now being investigated. Up to the
present time no action has been taken
by the south park commissioners to
move the monument.The intersection of South Park way
and 31st street is rather a complicated
one. At the present time the position
of the drives is being rearranged in a
manner that should facilitate the move-
ment of the automobile traffic and at
the same time guarantee the passage
of pedestrians. GEORGE T. DONOHUE,
General Superintendent, South Park Com-
missioners.WHEN HEADLIGHTS GLARE.
Chicago, May 15.—Why, such excoit-
ment about glaring headlights? When
one of these pests comes along, instead
of looking into the glaring lights, keep
your eye on the right hand edge of the
road until you have passed them. If
you do this, you will avoid accidents!

ALBANY PARKS AND RIVER PARKS.
Chicago, May 14.—In the Voice of the
People column in today's TRIBUNE were
two articles on parks, the subheads of
which gave the thought that apparently the
district was discussed in both.One article directed attention to the
work done in the park between Ayers
avenue and Ridgeway and the river,
which park, as well as two others now
under construction, is under the juris-
diction of the commissioners of the Al-
bany Park district. As stated by V. S.,
our properties are kept in the best of
condition possible.The other article pertains to property
which is east of Kodzie avenue and
under the jurisdiction of the commis-
sioners of the River Park district. The
Albany Park district embraces the ter-
ritory north of Lawrence avenue and
west of Kodzie avenue.In addition to the park at Ayers
avenue we are developing parks at Carmen
and Christiana avenues and at Foster
and Kostner avenues.EDWIN H. MANASSER,
President, Albany Park District.ITALY ABOARD THE NORGE.
Chicago, May 15.—You are confound-
ing history. In giving the news that
the dirigible Norge safely reached
Alaska after its record making jour-
ney across the north pole you refer to the
"Amundsen-Ellsworth" expedition.You forget that the proper name of
the expedition is "Amundsen-Ellsworth-
Noble." The name of Col. Noble, an
Italian aviation officer, has been offi-
cially added to those of Amundsen and
Ellsworth through an agreement reached
in Rome when the dirigible, formerly
of the Italian air force, was sold to
Norway. The reason is because Col. No-
ble is the man who constructed that
ship on his own design. Col. Noble
is also the man who conducted the dirig-
ible to victory; he was the commander of
the expedition, while Amundsen was the
chief of the marvelous polar expedition.The names of these daring and
brave men are well known to all who
follow the progress of aviation. The
names of these men are well known to
all who follow the progress of aviation.

LLOYD M. CHODURA.

NOISE ICKEN.
Chicago, May 15.—As summer ap-
proaches cannot something be done to
lessen the nuisance of the blowing of
the ice men? No less than five differ-
ent companies represent themselves, be-
ginning at 6:30 or 7 a. m., each trying
to outdo his competitor either in volume
of tone or variation in pronunciation of
the cool little word "ice."We promise to use just as much of this
summer if the ice men will cease the
noise that we need less, but fill the
order as indicated from the card in the
window.

Silk Lingerie Corsets Maids' Aprons
Silk Gloves Junior Undergarments
Boys' Wash Suits Plates

Now for Summer—Hair Hats Big or Little, Ready-to-be-trimmed— In Attractive Colors, \$5 to \$13.75

Always one of the most fitting Hats for warm days, so cool and light looking are they. Droopy wide brims with snug crowns, tight little shapes with high creased crowns; clear pastels, black and a few deep shades—you have a charming choice in real, Swiss or pyroxylin hair. A flower, ribbon ornament or pin, priced from as low as \$1.45 will finish any one of them daintily.

Hats to Trim, Fifth Floor, Middle, State

Delicately Printed Chiffon Frocks of Flowerlike Beauty

You could not choose a lovelier, more becoming Frock for afternoons, for dinner and dances at the country clubs now and later in the season. The effect of the flowered chiffon applied onto white chiffon is quite indescribably charming. The long loose sleeves give a capelike flutter. It is very reasonably priced at \$75.

Chiffons and georgettes in soft woodrose, waterlily, ciel, and blonde tints and laces as exquisite are here in profusion with new models and replicas of French originals coming every day.

Women's Costumes, Sixth Floor, South, Wabash

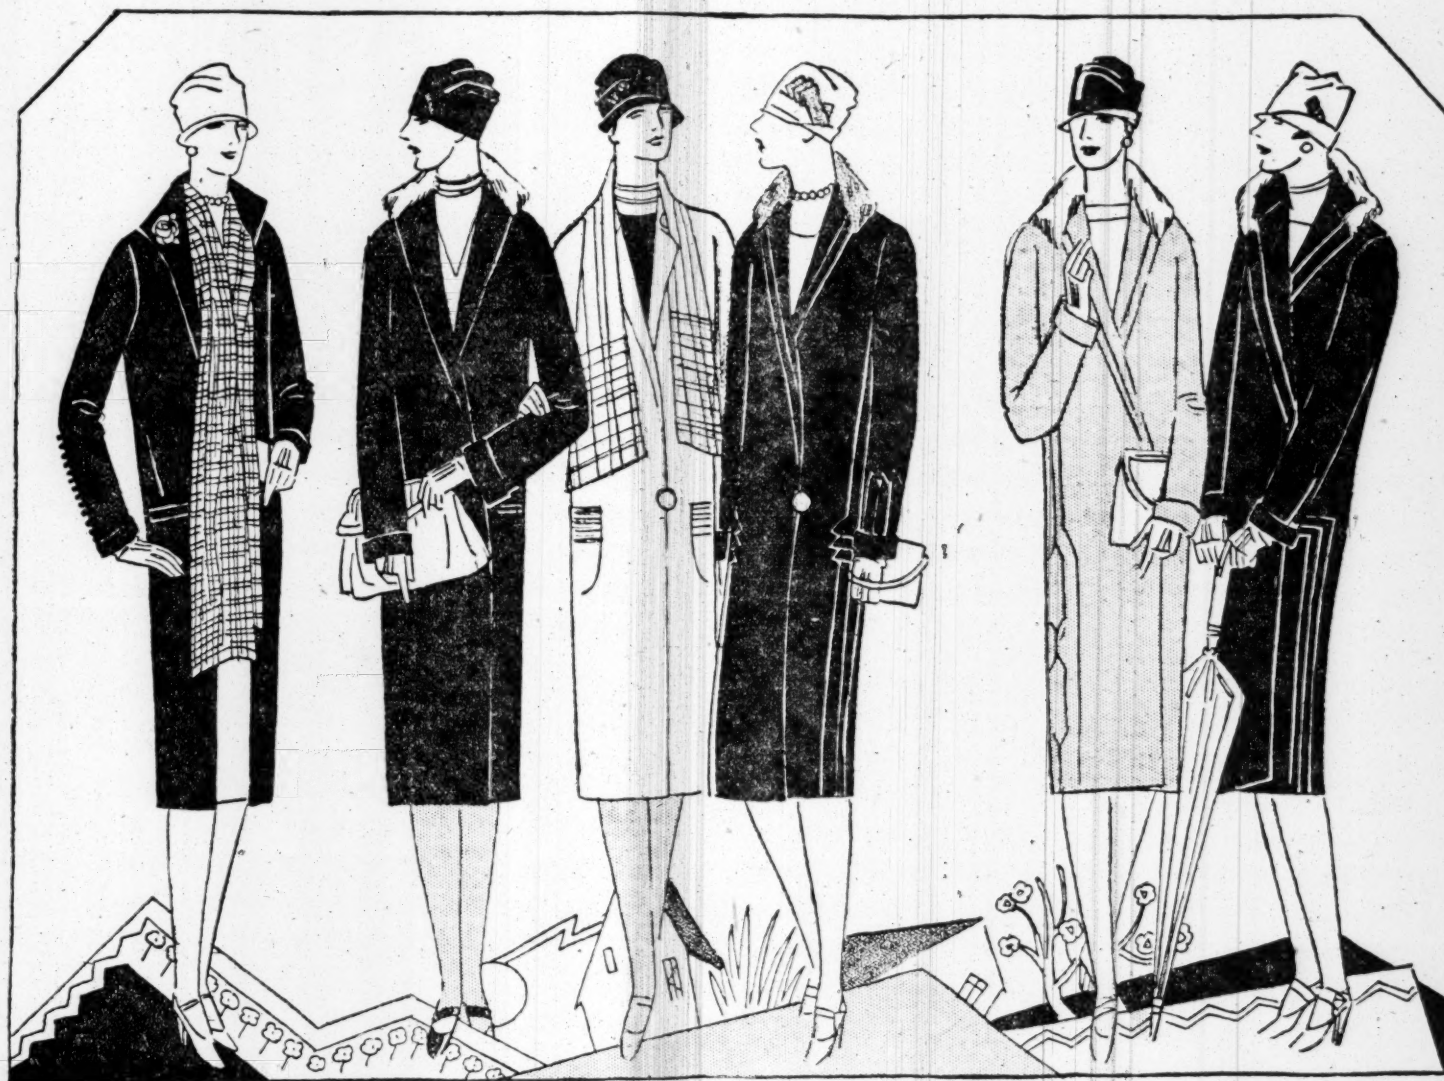

Summery Chiffon Frocks That Look as Light as Air

Two Irresistibly Youthful Models, \$65

Each of these Frocks possesses the elusive charm that only chiffon can give. The first one has a floating cape effect, the line of which is repeated in the circular skirt. Scallop, too, add much. In black or Chanel red, \$65.

The other Frock uses fringe—so favored by Paris—in swaying tiers. In black, navy, Chanel red, coral flesh, blue, green or maize also priced at \$65.

Misses' Frocks, Sixth Floor, North, State

Very Rarely Are Such Beautiful New Coats Priced as Low as \$50

Of sparkling newness, for each one of these Coats is being shown for the first time today; of the finest Spring fabrics procurable, imported kasha, imported Linton homespun, charmeen, lorchene; designed as expertly and finished as carefully as Coats far higher in price, these are indeed values at \$50. And the range in sizes and colors is extensive and complete.

Charmeen and Patou crepe with lining and scarf in square polka-dots. Navy, black, gray.

Imported kasha, black or navy, with narrow collar of real white or cocoa ermine.

Imported Linton Tweed with short scarf, patch pockets, in white, rose and gold.

Lorchene with squirrel collar, in black, navy, tan, gray, jacquard lining, pleated side.

Lorchene with squirrel collar, in black, navy, tan or gray with matching jacquard crepe lining. Fine heavy Mirrocrepe Coat in black with squirrel-edged collar—side-tucking.

WOMEN'S COATS, SIXTH FLOOR, NORTH, STATE

Flannels Are the Vogue in Sports Coats, Suits, and Frocks

Flannels for sports! Of course nothing can possibly equal them for smartness and delicacy of coloring. The sleeveless tennis frock, sketched first, with convertible collar, has a front plaited skirt to give fullness. In flesh, marigold, jade, coxcomb, blue, \$18.75.

The Coat, second, with scarf and pastel pockets, is charming to slip over sports things or even something daintier. White, navy, red, flesh, blue, green, \$27.50.

The two-piece Suit has a straight skirt front box plaited. In navy, black, tan, French blue and almond, \$27.50.

Sports Apparel, Sixth Floor, South, State

The "Longacre," of Tan Python Ties Over the Instep, \$20 Among Our Many New Types

One so seldom finds a dainty slipper that's easy to walk in besides. But the "Longacre" (as its name indicates) is excellently built for a stroll, from its 1 3/4-inch box heel to its round toe. And don't you think tan python calf sounds interesting? \$20.

Women's Shoes, Fourth Floor, South, State

Newest Scarfs, Vestees Are Most Unusual at \$1.50 to \$4.75

With your spring tailleur a Scarf or Vestee or both are essential. Scarfs of crepe, georgette, chiffon, rajah are in straight lengths, squares or ascot lengths. They are the cleverest of the new dots and Roman stripes. \$1.50 to \$4.75. The Vestee set sketched, in linen or pique, is \$2.50 with cuffs. Collarless Vestees, \$1.50; mannish Vestees are priced \$2.50 and \$2.95.

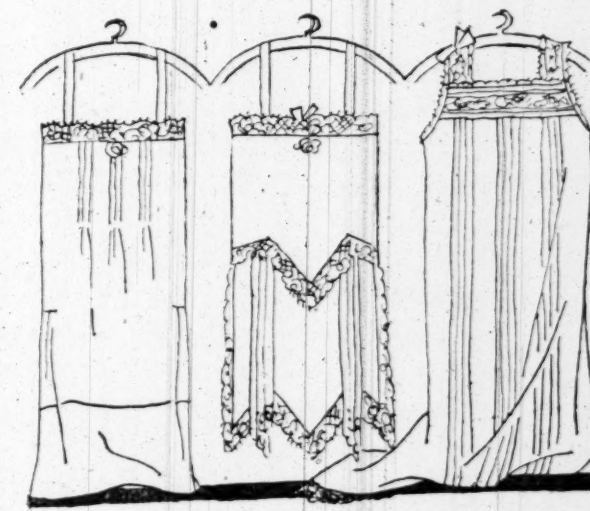

Neckwear, First Floor, Middle, State

Our Tub Frock Section, Fifth Floor, Offers— Hand-worked Radium Silk Tub Frocks Remarkably Low-priced, \$10.75

Frocks as good looking and pleasant to wear, of such excellent material and as charmingly finished with smocking and handwork as these, aren't the kinds ordinarily seen at this price. And how many hours of the summer day they will be in use! At home, in the garden, morning marketing in town or country, short drives to the beach are just a few of the times. They launder beautifully and come in becoming colors. Other attractive styles not sketched.

ANTI-MEDIUM BILL GIVES CONGRESS HORSE PLAY HOUR

Witness Spills White
House Psychic Beans.

BY JAMES O'DONNELL BENNETT
(Chicago Tribune Press Service.)

Washington, D. C., May 18.—(Special.)—"O, dear, O, dear," moaned Miss Mackenberg, medium, amid the crystal and white marble of the house of representatives, as she looked at the bill for the anti-medium act. "O, dear me, after all the pack of lies Houdini and that dreadful woman have told these congressmen I'm afraid dear Mr. Coolidge won't sign my cow bill!"

Thereupon, if looks could kill—the ample Miss Mackenberg, who has been seriously impaired, if not destroyed, by the existence of Miss Rose Mackenberg, otherwise known to American theatergoers as "the Rev. Fraud."

The Cruel Investigator.

For Miss Mackenberg, who is Harry Houdini's investigator of mediums, having taken the oath to tell "the

truth, the whole truth and nothing but the truth, so help me, God," had just testified to a Judiciary subcommittee of the house that Jane Coates, having accepted a trifling fee of \$2, did no later than yesterday afternoon, say unto her—a certain "blue vapor"—enveloping her the while—as follows:

"And I know for a fact that table tipping seances are held at the White House in the presence of President Coolidge and his family, and it is so foolish for Houdini to fight for this bill against hoarding mediums because sixteen of twenty-two senators I have interviewed are favorable to spiritualism—like Senator Deneen and Senator Capper and Senator Watson and Senator Dill and Senator Fletcher." So many senators came to me for readings!"

Almost a Physical Encounter.

Miss Mackenberg's recital of Secrecy Jane's revelations as to the psychic readings of notables at both ends of the avenue precipitated such a storm of indignation that the anti-medium bill is Representative Hammer (Dem., N. Y.), who is strong for a politeness, especially when ladies are present, a fact it almost tearfully imparted, roared for an officer.

A vehement person who loudly proclaimed himself as John D. Ferguson, the fighting fishmonger of Dayton, O., advanced upon Mr. Houdini, "the handoff king," with a threat to punch his nose because Mr. Houdini had uttered withering remarks about Mrs. Ferguson, who is a medium.

Ring in the White House.

Representative Hammer thrust his

hand between Houdini and the

gentleman.

Miss Mackenberg, who has a cold eye and an equable voice, continued to spill psychic beans all over the rich rugs of the caucus chamber, testifying how Miss Marcia, who charges \$10 for revelations on politico-psychology, had also no later than last evening, said to her:

"Many of the senators come to me for readings, and almost all the people at the White House believe in spiritualism."

At that, Mrs. Marcia, who, like Miss Coates, is robust, ample and richly appareled, aimed deadly glances at "the Rev. Fraud," and volubly denied that she ever had said anything of the kind—in a trance or out.

As Sister Marcia and Sister Coates advanced menacingly toward the serene "Rev. Fraud," Representative Hammer bade them, in the name of the womanhood he revered, sit, which they reluctantly did.

As Good as a Play.

Meanwhile Representative Rathbone (Rep., Ill.) and Representative McLeod (Rep., Mich.) and Representative Sol Bloom (Rep., N. Y.), whose work this anti-medium bill is; Representative Edith Nourse Rogers (Rep., Mass.), and Representative Houston (Rep., Del.), who is a Sunday school teacher, agreed that this hearing was as good as a play and that it was a pity that Charles Hoyt hadn't lived to put it on the stage.

Then the White House, informed of the doings on Capitol Hill, repudiated table tipping and said over the phone

that there have certainly been none

there within the period of this administration.

Those tidings caused Jane Coates to

lift up her voice in redoubled lamentation concerning her cow bill.

A Mystery Explained.

"Your cow bill, madam!" exclaimed Representative Hammer, "great heavens, what do you mean?"

"In 1911," said the seeress, "the government disinfected my husband's barn in Maryland and the disinfectant was too strong and it killed eighty-five of our cows. And O, Senator Deneen and Senator Watson and Senator Capper and Senator Dill and Senator Fletcher have been so kind and they got my bill for \$5,000 for those cows through the senate and they said there might be something in spiritualism and my cow bill has passed the house of representatives, too, and it's up at the White House to be signed by Mr. Coolidge, but after this pack of lies that dreadful woman has told maybe he won't sign it!"

The "Rev. Fraud" smiled her leisurely Mona Lisa smile and remarked merely, "I testified under oath."

"Well, well," said Representative Hammer, "this is very puzzling—very puzzling!"

Those entrancing hearings on the Bloom bill to expiate mediums from the District of Columbia will be continued on Thursday.

Marcia is a self-styled medium who, after Mrs. Warren G. Harding's death, published in a weekly magazine facsimiles of letters she alleged Mrs. Harding had written her on mediumistic matters and requests for "readings."

Cemetery Organizer's Wife Granted Divorce

John Poindexter Lightfoot, organizer of the Cedar Park and Acadia Cemetery associations, was divorced by Mrs. Leora Lightfoot before Circuit Judge George Fred Rush yesterday. Mrs. Lightfoot was given \$30,000 lump alimony and \$400 a month. The couple was married in September, 1921.

SCOTT TRIES NEW SYSTEM TO SHOW THAT HE'S INSANE

His Technique Improved by Life in Madhouse.

BULLETIN.

Springfield, Ill., May 18.—(Special.)—The state commission named to investigate the sanity of Russell Scott has reached a conclusion. C. H. Jenkins, director of public welfare, indicated tonight. The decision will not be made known until later.

BY PHILIP KINSLEY.

(Chicago Tribune Press Service.)
Chicago, Ill., May 18.—(Special.)—Russell Scott, slayer of Joseph Maurer, Chicago drug clerk, during a holdup a year ago, sought to convince a board of three alienists today that he is insane.

Taking advantage of the expert schooling in insanity behavior that he has had during the last eight months in the Chester institution, where 230 insane criminals are caged, Scott, it is said, displayed a peculiar technique in his effort to avoid being taken back to the death cell in Cook county jail.

In response to the questions of the doctors Scott told of the persecutions from which he had suffered, he told of a certain "Sir John" in Canada who had set out to ruin him and said that if he was released he would spend his life in seeking out "Sir John" and unraveling his motives and would also devote a good deal of time to humanitarian work for prisoners, especially for the unfortunates confined in the Chester hospital, which he described as a living hell, filled with brutalities and infamies unrepeatable.

Talks Self to Excitement.

The patient, sitting in Dr. Frank C. Stubblefield's office, talked himself into a state of excitement. He gave a lecture on finance, told of a book on corporations and salesmanship which he had written, and said if given an opportunity he could recoup his lost millions.

Dr. Stubblefield has considered Scott sane and still is of this opinion. Dr. Ralph T. Hinton, superintendent of the Elgin hospital, testified at Scott's trial that he was sane. He is thought to be of this opinion still. Dr. Herman Adler, state criminologist, third member of the special board of inquiry appointed by C. H. Jenkins, director of public welfare, is relied on largely to guide the scientific report as to Scott's condition.

The two visiting doctors left for Springfield this afternoon after stating

that a report would be prepared and submitted to Mr. Jenkins.

Think He Overplayed Hand.

In the opinion of the hospital attendants and psychological experts, but men of long experience with all types of insanity, Scott overplayed his hand today. A man who is really insane, it is pointed out, tries to hide it, never admits that he has any trouble, even denies delusions and the sound of the voices that come from spirit land. But Scott seemed to wish to impress the alienist with his delusion.

In the office today, as emissaries of State's Attorney Crowe, were Louis Blumenthal and Michael Romano, assistant state's attorneys. This idea of getting out of Chester into the hands of Crowe to receive a new sentence does not please Scott. It is through no desire or maneuvering of his that this hearing was brought about.

His hope lies in another direction. That is escape. That is one reason the state authorities are anxious to

get rid of him. Scott has been found with a saw, and he tried to bribe a guard to bring him a saw.

Also, he told the doctors today, he hopes the trial of his brother, Robert, will result in acquittal and that it will lead to evidence which will induce Gov. Small to issue a pardon.

Lay Plans for Return.

Plans are already being discussed for the return of Scott to Chicago. The original mittimus, issued after a jury found him insane, directed the superintendent of this hospital to hold him until he had recovered his sanity and then return him to the sheriff of Cook county. The authorities here plan to carry out their instructions.

No secret is made of the fact that Scott is not wanted here. He is a shrewd man and the guards here are insufficient. Fear has been felt that his friends on the outside might try to aid him in a rescue dash over the old wall, where one guard only is posted, or that they might pass a gun through one of the windows.

GIRL LURE IN HOLDUPS FREED; PAL IS CONVICTED

After hours of deliberation a jury in Judge Emanuel Eller's Criminal court returned a verdict of not guilty for Lillian Korte, 19 years old, who was charged by the state with being the lure for two taxicab bandits. The jurors brought in a guilty verdict for Leo Cechon, co-defendant, in the robbery of Joseph Pavel, 215 West 18th place, a chauffeur.

At the outset of the deliberations a

majority of the jurors, it was reported, were in favor of convicting the young woman, who is soon to become a mother. The more sympathetic jurors finally persuaded the others to bring in the acquittal verdict on the ground that a ten year to life sentence is too severe.

Assistant State's Attorney Charles Mueller announced that the girl will be placed on trial for another robbery this morning. Fred Hienick, her sweetheart, who turned state's evidence, will also be placed on trial.

PILSUDSKI'S STAR WANES AS POLES URGE DICTATOR

Revolt Victor Deserted by
Socialists.

WARSAW, Poland, May 18.—(AP)—Marshal Joseph Pilsudski, who overthrew the Witke government, ousted the president of the republic after a military rising, and assumed power, is suffering from exhaustion and was unable to attend the cabinet meeting today. Those close to him declare that he needs rest, and he himself, after several sleepless days and nights while fighting was going on in the streets of the capital, rather pathetically on Monday said that he could "sleep and sleep."

Pilsudski's star, for the moment at least, appears to be waning. The military hero, who by a swift stroke overthrew the government and captured the city, is too modest to allow his name to stand as a candidate for the presidency, to say nothing of listening to the demands of his friends and supporters that he declare himself dictator.

Socialists Desert Idol.

The Socialists and Radicals have deserted Pilsudski's idol because their appeals for the dissolution of parliament and the establishment of Pilsudski in a dictatorship have failed. By reason of this failure to display the iron hand the Socialists and Radicals are denouncing the revolution as a needless shedding of blood, something which Pilsudski endeavored to avoid, and over which he is most regretful. They argue that leadership from him can no longer be expected and it is becoming apparent that he has no political or economic program prepared.

SMITH LUNCHES WITH COOLIDGE AND TALKS OF ILLINOIS POLITICS

Washington, D. C., May 18.—(Specialist.)—Col. Frank L. Smith, Republican nominee for the United States senate in Illinois, and Allen Moore, Republican national committee man from the same state, lunched at the White House with President Coolidge today. Alexander P. Moore, former ambassador at Madrid, also was present.

While no announcement was made at the White House, it was learned that the Illinois political situation and the farm problem were discussed.

Col. Smith has been in Washington since last Friday endeavoring to harmonize the factional differences which in the recent primary caused a split in the Republican ranks.

After Zaleski told me in a special interview today, "He only intended to make a demonstration before Belvedere palace and call the attention of the old government to the nation's protest against the corruption of the administration. He had no intention of resorting to arms and he did not want to overthrow the government, and he did not intend to seize power himself."

"There is a demand being made on him at present both by the extreme right and the extreme left to do away with the parliamentary government and establish a dictatorship, but he opposes such a move. It will be the last thing he will do. He is a Liberal Democratic man and it is not his idea to have absolute rule."

STRANDED SHIP'S CREW WAS DRUNK, PASSENGERS SAY

New York, May 18.—(Specialist.)—Charges of drunkenness were lodged against the crew of the Clyde liner Seneca, which went aground off Miami Sunday morning, by 17 passengers who were among the 193 who reached Pennsylvania station today. The 17 were brought here on a special train which made the forty hour trip in 34 hours.

Arthur W. Pye, passenger traffic manager, expressed surprise at the charges. He said that his assistants, who accompanied the passengers to this city, heard nothing but praise of Capt. Byron W. Leek of the Seneca

and of the way the crew handled the landing of passengers.

"It is absolutely untrue that liquor was sold on board," he said. "If there was any liquor on the ship it must have been in the possession of passengers."

Newspaper men met the special train. F. A. Edwards of Brookline, Mass., stepped forward as spokesman for the dissatisfied. He said most of the passengers had found fault with the way the situation was handled after the Seneca went aground.

However, Mr. Edwards spoke highly of Capt. Leek. His fault finding was only with the crew, he said, principally the bellhops and waiters.

HELD FOR SHOOTING CHAUFFEUR. George Bizz, 40, was held to the grand jury yesterday in bonds of \$25,000 for shooting Walter Quan, 38, Indiana avenue, a taxi chauffeur.

BIG JUMP SHOWN IN ILLINOIS DEBT IN EIGHT YEARS

33c Per Capita in 1917;
\$18.41 in 1925.

(Chicago Tribune Press Service.)
Washington, D. C., May 18.—(Special.)—Indebtedness of the state of Illinois mounted from 33 cents per capita in 1917 to \$18.41 in 1925, according to statistics issued today by the department of commerce.

The net indebtedness of Illinois on June 30, 1925, was \$127,437,103. In 1914 the per capita debt was \$14.91. The increase in net debt for 1925 was due to bond issues of \$23,000,000 for road construction and about \$4,500,000 for soldiers' compensation. The payments for maintenance and operation of the general departments of Illinois for the fiscal year ending June 30, 1925, amounted to \$48,053,496, or \$6.94 per capita. This includes \$7,697,258 appropriations for education to the minor civil divisions of the state.

Public Service Expenses.
The expenses of public service enterprises amounted to \$38,107, interest on debt, \$2,041,877, and outlays for permanent improvements and public service enterprises, interest, and outlays were \$30,840,930. The totals include all payments for the year, whether made from current revenues or from the proceeds of bond issues.

Of the governmental costs reported above \$39,103,853 was for highways, \$2,114,063 being for maintenance and \$6,885,768 for construction.

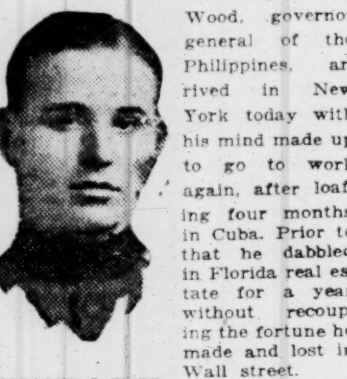

Receipts and Payments.
The total revenue receipts of Illinois for 1925 were \$57,441,996, or \$8.30 per capita. This was \$5,646,206 more than the total payments of the year, exclusive of the payments for permanent improvements, but \$36,398,984 less than the total payments, including those for permanent improvements. These payments in excess of revenue receipts were met from the proceeds of debt obligations.

For 1925 the taxable valuation of property in Illinois subject to ad valorem taxation was \$4,081,848,149; the amount of state taxes levied was \$26,622,013, and the per capita levy \$3.83.

OSBORNE WOOD BACK IN NEW YORK READY TO ACCEPT A JOB

New York, May 18.—(Special.)—Osborne C. Wood, the rich quick son of Maj. Gen. Wood, governor of the Philippines, arrived in New York today with his mind made up to go to work again, after leaving four months in Cuba. Prior to that he dabbled in Florida real estate for a year without recouping the fortune he made and lost in Wall street.

OSBORNE C. WOOD.
(Waller Photo.)

Mr. Wood returned from Cuba with friends aboard the steamer Sibony. One of his friends, Frank Steinhart, president of the Havana Electric Railway, Light and Power company, said he offered a position with his concern, to Mr. Wood and he thought it probable the former army officer would accept.

Mr. Wood declined to say whether he would or not. Eventually, he said, he would connect with an "established business firm," but for the present his plan was to remain in New York awhile and then go to the Pacific coast and make up his mind on just "what sort of work" he wished to do.

He was asked whether he planned to speculate again in Wall street. "To play Wall street one must have money," he said. "And to get money one must work. Regarding whether or not I will try Wall street again, maybe yes and maybe no."

PAPAL NUNCIO DENIES UNTRUTH TO ENTER MEXICO

Laredo, Tex., May 18.—(AP)—Arriving here today from Mexico City, from which he had been expelled on charges that he had illegally entered Mexico, Archbishop George J. Caruana, papal nuncio, announced he had proof of the falsity of the charges.

"I am happy to state," said the archbishop, "that I have obtained positive proof of the falsity of the charges made against me by the Mexican government that I had made false declarations when I entered Mexico regarding my birth, profession, and religion."

"I was never even questioned regarding my birth or religion. I handed over my passports and vaccination certificates with all data regarding myself. Ample proof of this has been obtained and is now in the possession of the American consul at Nuevo Laredo, Mexico, who is reporting it to Washington."

Archbishop Caruana was escorted to the American side by United States Consul Walsh and was met here by a delegation of Laredo priests and Catholics.

Archbishop Caruana expects to arrive in Washington next Sunday.

What Every Woman Will Want to Know This Spring

..... the best place to buy new rugs—to have rugs cleaned—to have rugs repaired—to have rugs dyed—to have rugs stored. No matter what your rug problem will be this spring, Chicago's largest and oldest rug house will solve it for you for less money.

Olson Rugs We will weave rugs for you in practically any size or color. We particularly recommend a fine grade of Wilton Velvet broadloom carpeting that we manufacture—a grade used country-wide by homes, hotels, clubs and other leading institutions—and which we can offer at an amazingly low price only because we perform every step in its manufacture. Scores of popular shades to choose from—Taupe, Mole, French Taupe, Green, Brown, Mole Jasper and others—in 9-foot and 27-inch widths.

Wiltons Axminsters We sell more rugs per square foot of floor space than any one in Chicago. This tremendous volume enables us to buy direct from the largest mills at the lowest wholesale prices—and save \$10 to \$40. We offer you over 6,000 rugs to choose from.

Oriental Rugs Because we import direct from China at great savings—because our tremendous volume and unlimited resources enable us to command greater price concessions—we offer unequalled savings on Chinese and Persian rugs.

Trade in Your Old Rugs In addition to the remarkable savings we offer you, we will allow you to trade in your old carpets and rugs and make you a money allowance toward the price of any new rugs you select. Or we will use your old material to weave velvety reversible rugs, a wonderful economy for those who don't want to spend much money.

CLASS WARS IN ITALY ENDED BY MUSSOLINI CODE

Controls Production and Prohibits Strikes.

BY JOHN CLAYTON.

(Chicago Tribune Press Service.)

ROME, May 18.—The regulations for application of the law to end class wars in Italy, passed recently by the Italian parliament, received the approval of Premier Mussolini's council today. With this approval, the state of the law is "definitely dead."

The more industrial warfare could be the slogan of the Fascist state, announced aims and purposes of the new legislation. The law will be actually active as a state organization, thus giving the government control of the nation's productive forces and providing a peaceful solution of the difficulties. Strikes are barred in the application of new legal provisions which declare the right to strike is ended.

How Scheme Will Work.

Under the regulations announced today, there will be constituted fifteen confederations which are the governing bodies of the syndicates in their respective groups. They are six employers' confederations—industry, agriculture, commerce, maritime transport, land transport, and banks; six confederations of manual labor of the same groups; three confederations of intellectual labor—professions, artists, and technicians.

These fifteen confederations are grouped in three "confederations of confederations"—employers, employees, and intellectual labor. Every adult Italian engaged in a calling, profession, business, or industry must be enrolled in a local syndicate of his qualifications. These syndicates are grouped under the general headings given above. All responsible to the ministry for confederations.

Provides Compulsory Arbitration.

All disputes which arise between one confederation or group of confederations and another within the syndicate or confederations themselves are decided by a labor magistracy model for in the syndicalist law. Magistrates will be chosen from those engaged in Italian law. They have as assistants technical experts representing both sides of any controversy. When a magistrate decides a case is called gives a decision after listening to expert testimony there will be no appeal except by a special technical procedure.

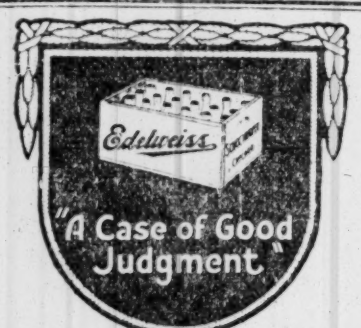

FIGHT FIRE

Winnipeg, Man., May 18.—(AP)—Airplanes and seaplanes are being used to transport fire fighters to northern Ontario and Manitoba, which have been swept by forest fires since yesterday. Rain today aided the fire fighting the fires menacing the districts north of this city. However, dangerous fires still are raging along the north shore of Lake Superior near Port Arthur and Fort William. Officials of the Dominion forest patrol report forty-seven separate fires in the Lake du Bonnet district of Manitoba, but that most of them have been mastered. Trains are reported to be held up by the intense heat in the Nelson lake district, Manitoba. Game has suffered severely.

Zizi Loses Suit Against Prince Carol to Help Son

PARIS, May 18.—(AP)—The courts today ruled against Mme. Zizi Lambrino, former mistress of the late King of Romania, in her attempt to have Prince Carol's paternity of her son, Mircea, recognized, so he might attend school under the name Hohenzollern. The judge said he was not competent to pronounce upon the question. Mme. Lambrino has another action pending against Prince Carol for 10,000,000 francs (\$200,000) damages.

FOREST FIRES IN MINNESOTA NOW UNDER CONTROL

St. Paul, Minn., May 18.—(AP)—Forest fires which have burned over more than 100,000 acres in northern Minnesota during the last three days to night were all virtually under control. With volunteer workers stationed at strategic points, forest rangers were confident that further spread would be prevented. Their hopes were greatly heightened by the slackening of the wind, with prospects of rain increasing.

Fires Rage in Pennsylvania.

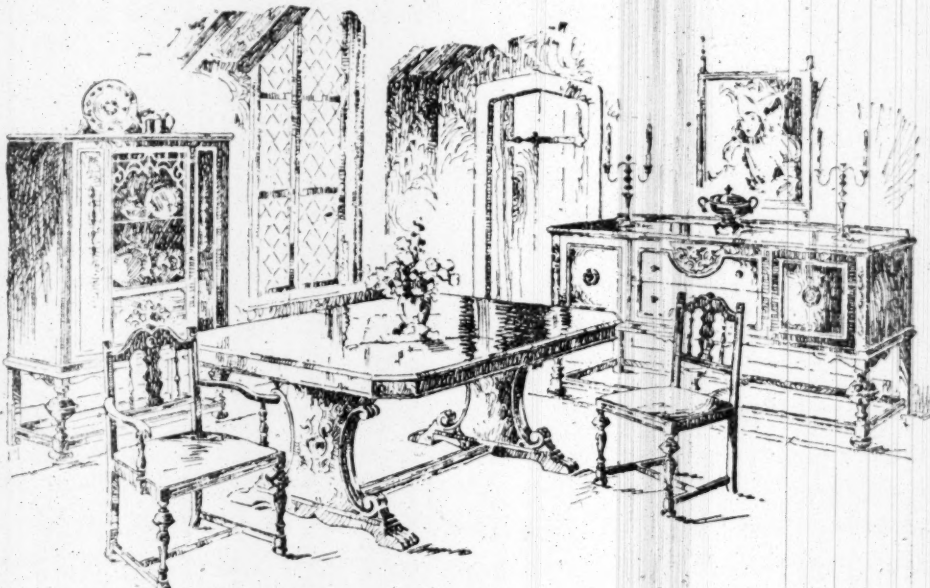

Warren, Pa., May 18.—(AP)—Forest fires raging uncontrolled in Elk and McKean counties were believed by forestry officials today to have caused the

death of two unidentified wood cutters, who were aiding in fighting the flames. Reports to the forestry office here were that the men were burned to death after having been engulfed by flames in the Bear creek district.

PAL HUNTED FOR KILLING DRE IN FIGHT OVER LOOT

Sweetheart Believed to Be in Fugitive's Auto.

(Picture on back page.) James "Socks" McDonough, 31, bootlegger and robber of skill according to his police record, was being sought in Indiana last night as the alleged murderer of Thomas Dire, fellow robber, who was shot and killed Monday night on the street. After the shooting the murderer jumped into a Buick coupe, with Indiana license number 554,135, and drove away.

Assistant State's Attorney Tyrrell Richardson and Acting Police Captain William O'Connor of Wabash avenue station, in charge of the investigation, believe that McDonough's sweetheart, Alma Wheeler, alias James, 40, is accompanying him.

Thieves Fall Out. Yesterday's investigation of the motive for the murder discarded all talk of a fight of two men for one girl or any weary of a bootleg war. It looked more like the old story of "when thieves fall out."

Mabel Ellikson Dire, 5451 South Michigan avenue, insisting that she has been Dire's legal wife for two years, told Capt. O'Connor what she knew of her husband's affairs. Some time ago, she said, McDonough and the Wheeler woman returned to Chicago from Kansas City with several trunks full of stolen furs, gowns, and jewelry. A few weeks later three of the trunks disappeared from their room and they suspected the Dires.

"Since then," Mabel recalled, "they have been on the outs."

Cal's Mate a Labor Organizer. She told the police that her husband was an organizer for the Moving Picture Operators union, working under Thomas Malloy, that he was once a member for the Pershing club at 215 East 43d street, that he had owned a gun there in order to protect himself against the gamblers, and that he left their apartment Monday afternoon at 5:30 to go to White's restaurant, 218 East 43d street.

Police raided the Dire apartment and found the equipment of a dope peddler and two address books. One, of brown tooled leather, contained a few meaningless telephone numbers. The other, a small, black book, had perhaps twenty names and numbers. Five were of men, two of women at the Metropole hotel, Terry Druggan's home address was listed on Washington boulevard. Beyond that, police did not attach a great deal of significance to the book.

Stolen Finery Found. Later, in a raid on McDonough's room at the Grand hotel, officers found four huge trunks, two suitcases, and a traveling bag, loaded with stolen finery worth thousands of dollars. These were all taken over to the Wabash avenue station.

Mabel Ellikson, or Dire, was so busy yesterday making statements to the police that she was unable to keep an appointment with Judge Harry B. Miller in the Criminal court, where she was to have faced a charge of larceny. The court, informed of the shooting, continued the case until Friday.

NEGROES CONFESS 2 MURDERS, OVER 200 ROBBERIES

Pair Arrested After Midway Holdup.

CRIMINAL COURT. Edward O'Brien and Frank Uehell, robbery, sentenced to 3 to 20 years each in the penitentiary by Judge Emanuel Heller. John Ganser, larceny, sentenced to 1 year in the reformatory by Judge George F. Rush.

David Broad, robbery, sentenced to 3 to 20 years in the penitentiary by Judge Emanuel Heller. Alphonse Peltier, robbery, sentenced to 3 to 20 years in the penitentiary by Judge Emanuel Heller.

Walter Shoultz and Mario Chiosetti, robbery, sentenced to 10 years to life each in the penitentiary. Noel Williams, burglary, sentenced to 1 year in the penitentiary. Charles Davis, larceny, sentenced to 1 to 20 years in the penitentiary by Judge Harry B. Miller.

Persistent questioning by the police yesterday resulted in confessions by two colored criminals that they had robbed from two to five stores every night for six months and that they were guilty of two murders.

The killings solved were those of Morris Dushoff of 600 East 56th place and George Reinhardt, manager of the Simpson Furniture and Supply company store at 2815 South State street. Dushoff was shot and fatally wounded on April 2 in an Atlantic and Pacific tea store at 534 East 30th street when he failed to raise his hands as quickly as the bandits thought he should. Reinhardt was murdered during a holdup of his company's store on April 23, 1925.

One Robber Shot in Head. The men who confessed are Aracalous Butts, 2827 South State street, and Oscar L. Quarles, 3527 Grand boulevard. Butts is held at the Woodlawn hospital with a bullet wound in his head. He was shot by James Young, manager of the Midway cafe at 1445 East 60th street, where the pair attempted a holdup on Sunday.

The Stanton avenue police found Quarles in the basement of his home and sent him to the hospital. There he was questioned by Acting Capt. Michael Lahart of the Woodlawn station. Sergts. Dorgan and Hennessy and Lieut. Stevenson of the detective bureau.

Quarles finally admitted that he had been shot in the cafe stickup and named Butts as his companion. When the latter was arrested he readily admitted more than 200 robberies.

Pal Corroborates Confession. It was not until late yesterday, however, that he confessed the two killings. His admissions were corroborated by Quarles in a statement made to Assistant State's Attorney Harold Levy.

Both men have long police records. Butts was arraigned in the Criminal

court in October, 1925, on a charge of larceny and was placed on probation for a year.

More than 200 victims of robberies on the south side viewed Butts and fifty of them identified him. Most of the stickups were of chain stores. The Atlantic and Pacific company had offered a reward of \$1,000 for the capture of the killers of Dushoff.

DANDRUFF?

Bottle Bacilli, the cause of Dandruff. Illustration reproduced from "Diseases of the Skin," C. F. Mosby, Publisher.

Dandruff is a disease difficult to cure, but easy to check. Unless checked and properly treated it has a persistent tendency to reappear, and often in more violent form, with possible loss of hair or even total baldness. The treatment to check dandruff requires constant cleanliness and the use of a suitable antiseptic solution to combat the disease and to heal the scalp.

Don't neglect it!

DANDRUFF is a danger signal. If you have it you should do something about it.

Perhaps you never knew it before, but dandruff is a germ disease. It spreads by infection from personal contact, as with the common use of combs and brushes. Children, for instance, are never troubled with dandruff until actually infected by some contact.

Dandruff is a disease difficult to cure but easy to check. It has a tendency to reappear, unless properly treated, and often brings with it the possible loss of hair or actual baldness.

The ideal treatment to combat dandruff conditions is the systematic use of Listerine, the safe antiseptic.

We have received hundreds of unsolicited letters from Listerine users, who are most enthusiastic in their claims for what Listerine will do in this way. If you are troubled with dandruff you owe it to yourself to try it.

The use of Listerine for dandruff is not complicated. You simply douse it on your scalp, full strength, and massage thoroughly. The effect is antiseptic, cleansing and healing. And you will be amazed to see how this treatment, followed systematically, combats dandruff.

Moreover, Listerine will not discolor the hair nor will it stain fabrics.

Not only men but women have become devoted users of Listerine for this purpose—women, particularly, since bobbed hair has been in vogue and has made them more conscious of dandruff if it happened to be present.

Try Listerine some evening when your scalp feels tired and itchy. Dandruff is probably causing the trouble. Apply it generously and then massage vigorously. You will find it a stimulating tonic for the scalp, and in addition to combating dandruff, you will find that it adds that luster and softness to the hair that is so important a part of being well-groomed.

Polar Blimp's Crew Tell of Fight to Land.

Fairbanks, Alaska, May 18.—[U. N.]—The dirigible Norge was wrecked in its forced landing at Teller, according to airplane pilots who flew to the Bering sea settlement to obtain photographs of the Amundsen-Ellsworth-Nobile airship.

The Norge was blown 400 feet across the ice to shore in a high wind after it was landed, said Andrew Huff, who went to Teller as a mechanic with Pilot Joe Crosson. "The dirigible was damaged considerably as the gale whipped it about while the gas was escaping."

Crew Tell of Being Lost.
A. A. Bennett, who piloted the second news reel plane, corroborated this statement.

"All the stories that the Norge came down in gale shape are mistaken," he said.
The aviators said members of the Norge's crew told them they landed at Teller because they were lost. They did not know exactly where they were as they landed over Teller bay, and had been unsuccessful in trying to establish radio communication with Nome.

Battle With Gale.
There was extreme danger in getting the Norge to the earth because of the northwest gale that drove it toward the mountains, according to Bennett. Members of the Norge's crew slid down anchor ropes and held the airship safe until the Teller inhabitants realized that they wanted to land. Bennett said there was considerable snow at Teller.

Mussolini Lauds Norge's Men.
[Chicago Tribune Press Service.]
ROME, May 18.—The entire Italian personnel of the dirigible Norge will be mentioned in an order of the day of the Italian government, Premier Mussolini announced today in a speech praising the expedition.

"Italy, Norway, and America are united as brothers," the premier said. "All our applause is for the three leaders, Capt. Roald Amundsen, Lincoln Ellsworth, and Umberto Nobile, for the triumphal success of the expedition."

PARLIAMENT AT HAGUE ATTACKS BULB BAN BY U. S.

[Chicago Tribune Press Service.]

THE HAGUE, May 18.—The session of the lower house of parliament today was devoted to an interpretation by Representative Lovin concerning the importation of Dutch bulbs and plants to the United States. Mr. Lovin asked the government whether the Dutch inspection was an adequate guarantee of health; whether the American embargo would not endanger other products in the future; and whether the government will promote the appointment of a mixed commission of both countries for standard rules of admittance and exclusion.

The minister of agriculture replied that America's attitude was an exaggeration, saying: "One inspected bulb renders the 2,000 packed in a box inspected also. Why does not America say 'We do not want your bulbs,' and embargo them?"

PIMPLES GO SKIN CLEARS— EASY WAY

Kellogg's ALL-BRAN brings quick, permanent relief from constipation

Constipation leaves its marks upon the face. Its terrible poisons, which lead to over forty serious diseases, cause pimples, hollow cheeks, sallow skin, circles under the eyes, poor circulation, cold hands and feet. It causes unpleasant breath, too.

Rid your body of this frightful disease. Kellogg's ALL-BRAN has brought health to thousands when all else has failed. The reason—it is ALL-BRAN—100% bran! That is why doctors recommend it. It takes ALL-BRAN to be wholly effective.

Try it! If eaten regularly, Kellogg's ALL-BRAN is guaranteed to relieve the most stubborn cases or your grocer returns the purchase price.
Eat two tablespoons daily—in chronic cases, with every meal. You will like its nutlike flavor. Try the recipes on every package. Sprinkle it over other cereals.

Kellogg's ALL-BRAN is made by Kellogg in Battle Creek, Michigan, and served by leading restaurants. Sold by all grocers.

DAVID R. FORGAN QUITS AS CITY SUBWAY ADVISER

[Chicago Tribune Press Service.]

David R. Forgan, president of the National City bank, announced his resignation yesterday from the citizens' advisory committee appointed to aid in devising a voluntary special assessment plan for a downtown subway.

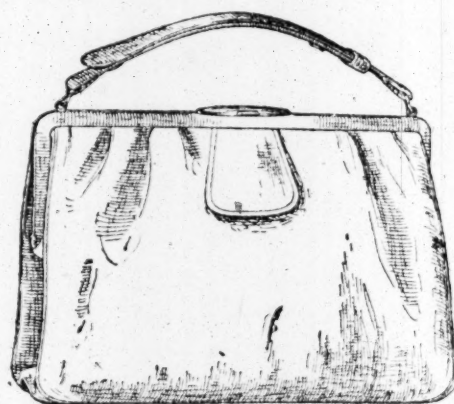

Mr. Forgan explained that before

his appointment on the committee he had agreed to represent a committee of bondholders for the Chicago City Railway company and that he felt he could not serve fairly on both committees.

The council local transportation committee yesterday decided that the stabilization account to regulate fares under the new traction ordinance should be two per cent of the capital account.

*The Greatest Single Force
for increasing
merchandise consumption
in America*

1. An advertisement in The American Magazine has the power of Sixty-Six Million Circulation—Days—the greatest power that can be given it in any general monthly or weekly magazine.
2. In most towns of 1,000 or more population The American Magazine has more circulation than any other general monthly or weekly magazine.
3. Everywhere The American Magazine parallels your market opportunity to an unusual degree. Its circulation by counties closely follows the distribution of income tax payers, retail outlets, auto owners, and home owners. And it reaches all classes of people in proportion to their market value to you.
4. Numerous house-to-house investigations have shown that The American Magazine is read by all members of the family that influence consumption—fathers, mothers, and young people.
5. The things that people read in The American Magazine stimulate them to better living—to a fuller, richer life. For years its unusual reader responsiveness has been known to those advertisers who could trace this through direct returns.

Every salesman's earnings are in these hands!

In the hands of the consumer rests the ultimate success or failure of every salesman.

The hands that take the merchandise from off the dealer's shelves... The hands that lay the money down upon the counter.

They, in the end, decide how much you get, because—

—you can't sell dealers any faster than the dealer's customers consume the merchandise you sell.

Consumption, then,—more consumption, faster consumption—is your big problem; just as it is the big problem of the head of your concern.

And don't overlook this: it's the big problem of every dealer you try to sell. The rate at which any given piece of merchandise will be consumed, or, as the dealer

says, "the rate of turnover," is what he is most interested in today.

The salesman who talks consumption has a listener. The salesman with convincing reasons why his merchandise will be consumed has an order.

What kind of assurance can you give a dealer that your goods will pass rapidly into consumption?

If they are advertised in The American Magazine (see list below) you can tell him that your goods have behind them the greatest single force for increasing merchandise consumption in America.

This statement rests on the five reasons given in the panel above. Let's take a close look at just one of them.

In most towns of 1000 or more population The American Magazine has more circulation than any other general monthly or weekly magazine.

This means that in a majority of the towns where you have dealers, or prospective dealers, you can confidently assert that your advertising in The American Magazine is going into more homes than are reached by any other magazine read by the entire family.

In order that you may "say it with figures" we have prepared a little book called "The Vest Pocket Sales Manual."

It enables you to show any dealer in any town how many homes in his town or county your advertising in The American Magazine is reaching.

It enables you to show him how this advertising is read by the entire family.

Also how important it is for dealers to know that this advertising stays in the home a full 30 days, and why you can say of any individual advertisement, "This will be in these homes all this month."

Also, why people respond to advertising in The American Magazine to a remarkable degree. In short, the Vest Pocket Sales Manual enables you to show that your goods have behind them in fact the greatest single force for increasing merchandise consumption in America.

Hadn't you better send for it now? Please give your firm's name. Address The Crowell Publishing Company, 250 Park Ave., New York.

EUROPE TO KEEP ON RESTORING FINANCES: STAMP

British Economist Voices
Faith in Future.

(Picture on back page.)
Confidence in the continued restoration of financial stability in Europe was voiced yesterday by Sir Josiah Stamp, British member of the reparations commission which produced the Dawes plan, who arrived in Chicago yesterday for a three-day visit.
At noon he was the guest of William R. Dawes, president of the Chicago Association of Commerce, acting as proxy for Vice President Dawes, at a luncheon at the University club, a private affair attended by nearly two scores of the city's financial, professional and business leaders. The visit was said to have given them an interesting heart-to-heart talk on conditions in Europe.
Talks on Economics.
In the evening he was the guest of President Walter Hill Scott at dinner in the University club of Evanston and later spoke at Harris hall, his topic being economic reconstruction in Europe.
At President Scott's suggestion, his evening talk was devoted entirely to the coal situation in England and its effect on the economic phases. He explained that to English industry coal is even more vital than it is to the economic life of other nations and that the recommendations of the royal commission, while extreme and probably requiring several years to be put into effect, have the approval of the prudent thinkers of the nation.
Sir Josiah apparently enjoyed chatting with newspaper men, and in one of his remarks he injected a good deal of fun. That was true of a statement that he expects a harvest of

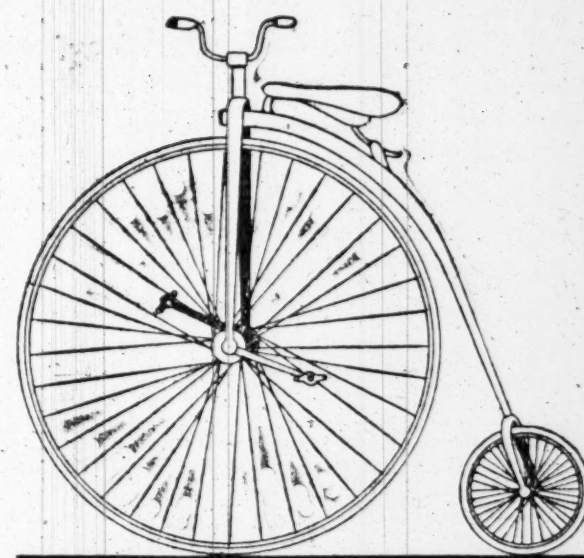

American dollars to result from American tourist use of the English railroads, including the London, Midland and Scottish railroad, of whose executive committee he is the chairman.
Speaking possibly a little more seriously he talked of the government's winning the general strike as a victory of great benefit to England.
Faith in Strike Shattered.
"The faith of the workmen in the efficiency of the general strike was severely hurt by the outcome of this one," he said. "And the government was materially strengthened by the result."
"We don't like to emphasize the

government's victory too strongly, but we are assured that everything that Prime Minister Baldwin asked in the settlement was won.
"The working classes, naturally, are a little disgruntled. In the first place they feel they were not consulted and that they were led on a sort of wild goose chase. I think that from now on they will rely more and more on negotiations between their leaders and the leaders of industry in preference to going out on strike."
Lady Stamp accompanies her husband and is being entertained by Mrs. William R. Dawes and Rufus C. Dawes.

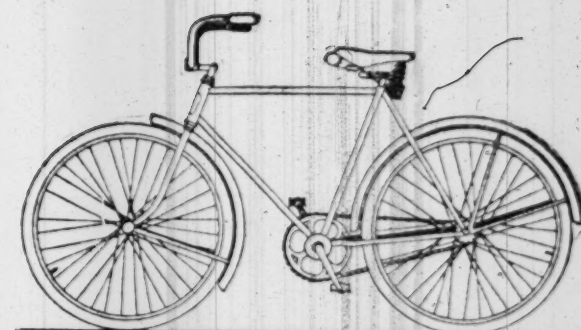

Cousins Battle in Court for \$10,000,000 Estate

New York, May 18.—[Special.]—Contest of the will of Elia A. Rogers, who left an estate of \$10,000,000, from which several cousins were cut off, began today before Surrogate Foley. Mrs. Rogers was the daughter of Columbus R. Rogers, noted attorney, from whom she inherited the fortune. Eighteen law firms and attorneys appeared in the case. Mrs. Rogers died Jan. 9, last, leaving her estate to two cousins and to charity.

Which is the safety bicycle?

Up to about thirty-five years ago the intrepid "wheelman" rode the old-fashioned high bicycle and took his bumps. And the man who had an aversion to bumps didn't go in for cycling at all. Women cyclists were non-existent.

Then came the low bicycle, originally known as a "safety". This eliminated the "header" hazard and the five-foot side fall, opening the sport of cycling to others besides acrobats. Women and children as well as men, then took up bicycle-riding.

THE bicycle was made safe by lowering its center of gravity, which has always been the engineer's way of increasing stability and safety.

The first American automobiles proudly reared themselves high above the road, and—as "pride goeth before a fall"—toppled over sideways at the slightest excuse.

As the motor car developed, it came off its high horse and gained stability thereby. But the bevel-gear drive stopped it at an arbitrary point. Then, because the low car had become smart and fashionable, some manufacturers began to lower the roof, reducing the headroom, to gain a further appearance of lowness.

The creators of The NEW STUTZ, convinced that modern traffic conditions called for even greater safety in automobiles, applied themselves to the design of a car which should have a much lower center of gravity than any existing model and at the same time maintain full headroom and road clearance.

This was successfully accomplished through discarding the bevel-gear drive and adopting in its stead the much more costly but more suitable worm-gear. Because the propeller shaft is about 5 inches lower in the worm-gear drive, it permits the body to be brought down correspondingly nearer the ground.

The NEW STUTZ is found to be from five to eight inches lower (floorboard-to-ground measurement) than cars of present conventional chassis design. And a stability is thus attained which

permits one side of the car to be raised three feet higher than the other without overturning. There is no other American car on the market for which such a degree of stability can truthfully be claimed.

This one feature alone would be sufficient to establish The NEW STUTZ as the safest car built, and yet the safety factor has been developed even further by Stutz engineers in designing the now famous Safety Chassis.

Other safety features of
The NEW STUTZ include:

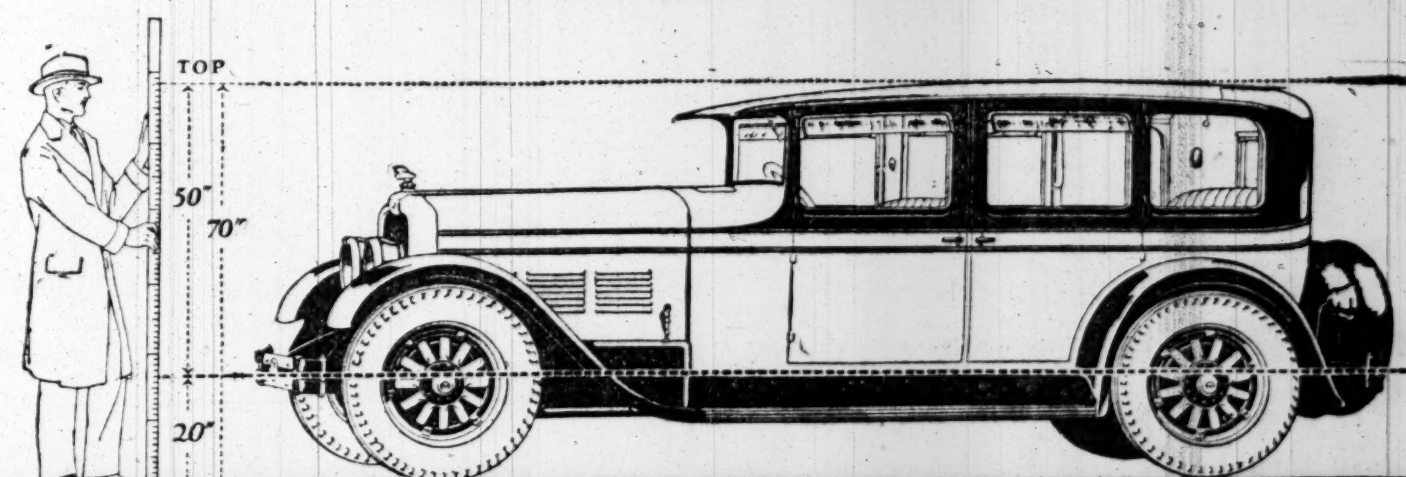

New principle hydrostatic four-wheel brakes, developed and built by Timken, greatly increasing the effective braking surface, and perfectly equalizing the braking energy; extra strong and rigid frame; steel running-boards—"side-bumpers"; instantaneous acceleration; narrow, clear-vision front corner-posts; safety-glass windshield.

If you are contemplating the purchase of a new automobile in the \$3000 price-class, there is no reason for you to accept a lesser degree of safety than The NEW STUTZ provides; there is no reason for you to put your investment in a car of soon-to-be-obsolete design when you can secure The NEW STUTZ today with the features that other fine cars propose adopting or imitating in future models.

Six body styles, designed and constructed under the supervision of Brewster of New York. All closed bodies automatically ventilated. All models priced F.O.B. Indianapolis, tax excluded, but fully equipped except spare tires.

The fuel business is of necessity a seasonal business, and everyone engaged in the industry—from the miner to the retail distributor—is anxious to keep the wheels turning during the off season, and is therefore willing to work on much smaller margins than is possible during the rush season.

From the retailer's standpoint, the actual cost of cartage and handling fuel through the yards during the Summer season is much less than it is during the Winter months, and all of this and more is passed on to the thrifty consumer who fills his bin NOW.

Ether's Stormy, but It Doesn't Baffle Elmer

He Radios All Eve While
Lightning Flashes.

BY ELMER DOUGLASS.

The swishing and swishing of lightning's sending stations interfered with her, but did not drown, last night's exceptional fine series of programs.

There were good programs and good talent on the 7 o'clock hour at seemingly all stations from the top of the skys down almost to bottom.

The most important, musically, was a recital by Miss Lucile Meisel, soprano, from Green Bay, Wis., KYW, 7 to 7:30. She is a recent musical college graduate with a coloratura voice and tonal and temperamental characteristics similar to one of America's certain prima donnas. These, plus a certain openness of tone and a pronounced spontaneity, carry her to success and fame.

The 8 o'clock hour was especially rich in musical entertainment.

In a Central Y. M. C. A. radio homecoming, WMAQ, 8 to 9, the Western Springs [Ill.] male chorus sang, among others, a remarkably interesting, spooky number, entitled "The Goldens" [Parks].

The monthly Kluge musical hour, WLS, 8:15, was conducted by D. A. Chipper, with the assistance of the Columbia School of Music ladies' chorus. This new feature broadcast is an absorbingly interesting and musically instructive music lecture hour by musicals for music lovers.

De Wolf Hopper cast the magic spell of his dominating personality on the air, WGN, from New York, 8 to 9, assisted by a light opera troupe. And it wasn't his famous curtain speech, "Casey at the Bat," that left an indelible impression last night. Rather, it was his intimate eulogistic comment upon and appreciation of Messrs. Gilbert and Sullivan and his inimitable impersonation of his own stage characterization of selections from the operas that furnished something worth while for our memory's store.

It must have been interesting for many of us to hear Roy Cropper, tenor, formerly of the "Student Prince" company, sing "Deep in My Heart, Dear" during the Uptown theater program, WEIH, 9 to 10. And it was difficult to understand why at this high ideal station a certain sliding from home contralto number, entitled "I Found a Wonderful Way to Heaven," found its terrible way into this program. The song was far from being a "spiritual," as the title might imply.

RAIN DRENCHED G. A. R. MARCHES AT SPRINGFIELD

Springfield, Ill., May 18.—[Special.]—When a drenching thunder storm came up in Springfield this afternoon, it was announced that the annual parade of the Grand Army of the Republic, department of Illinois, would be called off. But the veterans wouldn't have it so.

The storm wasn't over when the old soldiers announced they were ready to get in line, so the National Guardsmen and the Legionnaires and the Sons of Veterans and Spanish War Veterans, Veterans of Foreign Wars, and the various auxiliaries of the Grand Army acquiesced.

National Commander John B. Inman, his adjutant, H. B. Davidson, Gov. Len Small, and Adj. Gen. Carter Black reviewed the marchers from the dripping reviewing stand.

For the most part the day was one of merry making for the old soldiers. The two candidates for commander were nominated for the election, which will be held tomorrow. They are Dr. Charles Johnson of Champaign and John Andrew of Quincy. Henry B. Davidson of Springfield was elected senior vice commander, H. C. Studebaker of Streator, junior vice commander, W. J. Liberton of Chicago, department chaplain, and E. L. Emerson of New Windsor, medical director.

BRITISH RAILWAY SERVICE CURBED BY COAL STRIKE

[Chicago Tribune Press Service.]

LONDON, May 18.—Although the railway men are back at work, the rail services still are far from normal and promise to be restricted for some time on account of the coal shortage and the necessity for fuel saving until the miners strike is settled. The miners will meet Thursday to take further action on the government's peace offer. Reports tonight indicated this action may be unfavorable.

The railways announced today that owing to this necessity, the cheap Whitsuntide excursions, which are such a notable feature of all the British holidays, will not be run this year, while many of the main line trains have been taken off their regular schedules.

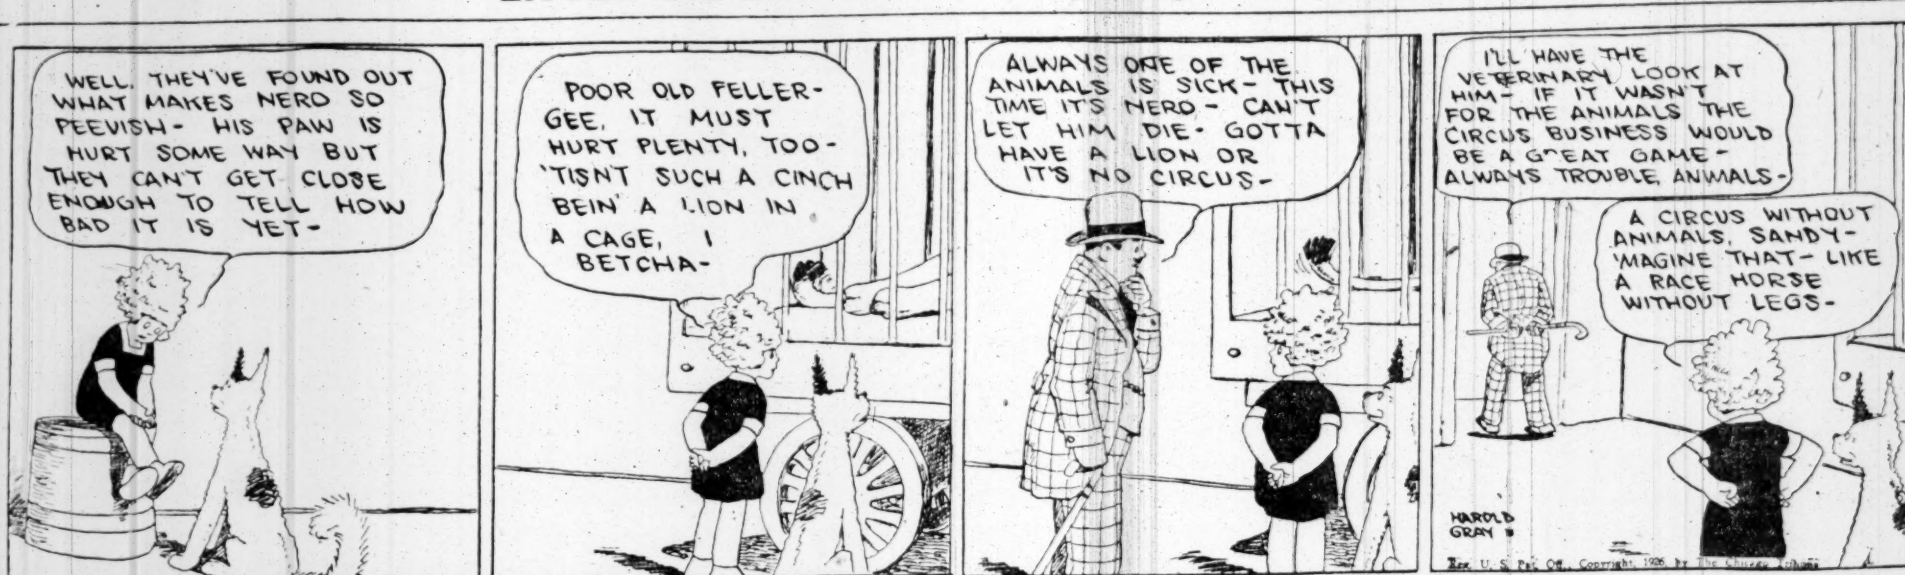

In London the tubes also have been restricted to the absolute necessities of traffic and there is a good deal of overcrowding during the rush hours.

LITTLE ORPHAN ANNIE: Inspecting the Invalid

RADIO PROGRAMS FOR TODAY

(Wednesday, May 19.)

The well known dramatic reader, Prof. S. H. Clark of the University of Chicago, will be heard tonight at 9:15 o'clock on W-G-N. The Chicago Tribune radio station on the Drake Hotel. For more than twenty years Prof. Clark has been associated with chautauqua work and he is the author of several books on public speaking and dramatic reading. His program for tonight will consist of "The Gift of the Magi" and "The Cop and the Anthem," by O. Henry, and "The Recessional" by Kipling. On Friday morning at 10:15 Prof. Clark will give a special program for the students of all Chicago public high schools.

Every listener who has not filled out the W-G-N questionnaire is requested to send his name and address to the station, so that a questionnaire may be mailed to him. On each questionnaire is a place for listeners to express their views about radio programs and to indicate what type of attractions they prefer to hear. This is the first opportunity listeners have had to take part in the planning of radio entertainment.

Tonight at 10:30 o'clock—the Pepper Party! There will be syncope and song a-plenty, and humor and fun for every one. Topping the list of entertainers will be the popular harmony team, Correll and Gauden. The Pepper Party will continue until 12:30 a. m. Among the funmakers to be heard will be "Moon" Mullins.

W. J. Seroy will give "Ten Minutes in San Francisco Chinatown" tonight at 10:20. This is an unusual presentation given in Chinese dialect.

LITTLE MARTHE KICKS IN; THREE SPIES KICK OFF

(Chicago Tribune Press Service.)

PARIS, May 18.—Rattle brained Little Marthe Moreau, who found herself a job as spy when the novelty of parachuting and posing in Latin quarter studios were off, is in a pretty mess. The red capped Paris judges today sent her to prison for six months and her "employer," John Leather, an English dealer in radio accessories, who was caught when she squealed, was given three years behind the bars for espionage on the account of "an important European power."

When Marthe was caught in December the government hurried to say that her activities and those of her

boss were of no account, but the size of the sentences imposed on Mr. Leather leads the entire Parisian press to believe the evidence in the trial, behind closed doors, indicated an espionage ring of prime importance, in which Marthe, otherwise "Mlle. Fox-trot," was just a little cog.

Leather's two associates, Phillips and Fisher, drew two years for their part, making investigations of French aviation camps.

Leather, a former pilot, was given three years behind the bars for espionage on the account of "an important European power."

CONTEMPT CASE AGAINST DRYS AGAIN DELAYED

Leaguers Attack Petition
of Indiana Official.

BY ARTHUR EVANS.
(Chicago Tribune Press Service.)

Indianapolis, Ind., May 18.—(Special.)—The scheduled hearing of the contempt case filed with the Indiana supreme court against three Anti-Saloon league officials by Attorney General Arthur L. Gilliom, himself a dry, met a delay today.

The Rev. E. S. Shumaker, head of the league, and Ethan A. Miles and Joe E. Martin, league attorneys and co-defendants in the action, filed a motion asking that parts of Mr. Gilliom's amended complaint be stricken out alleging they contained "unwarranted legal conclusions." The court is expected to dispose of the motion in a few days.

Second Dry Delay.

This move is the second time the accused drys have secured a delay. A week ago they filed a request that Mr. Gilliom's original charges be made more specific. Mr. Gilliom promptly replied by filing a twenty page amended petition going into details of Supreme court decisions which he declares the Rev. Mr. Shumaker has distorted in an effort to intimidate the bench as part of the scheme to establish a "politicized ecclesiastical super-government." Today, at the time set for a hearing of the contempt action, the defense filed a motion asking that about eighteen of the twenty pages of the amended complaint be eliminated.

As a forward to their written motion the accused drys spoke of the

proceedings as an "unseemly controversy."

Right of Free Speech.

The document indicated that the league officials may rest their defense largely upon the constitutional right of free speech. Attorney General Gilliom points out that the constitution also provides that for "abuse" of that right any one shall be held responsible, and his contention is that Mr. Shumaker and his two lawyer friends have committed such an abuse by "false, malicious, and contemptuous" statements about the Supreme court and its findings in certain liquor cases.

The Gilliom complaint speaks of an effort to delude the church vote by distorting Supreme court decisions. "These defendants," it says, "are always active and expend large sums of money in every general election and particularly in elections where judges of the Supreme court are elected."

"If any decisions of this court in appeals in liquor cases do not meet with the approval of these defendants they make false statements of such decisions, coupled with statements showing their intention to prejudice generally the voters, particularly through the churches, against any judge who participates in any decision which meets with their disfavor."

COTTON SUBSIDY IN FARM RELIEF BILL WINS TILT

Fight in House to Be
Renewed.

(Chicago Tribune Press Service.)

Washington, D. C., May 18.—(Special.)—In spite of a vigorous opposition, the so-called cotton subsidy feature of the Haugen farm relief bill, exempting cotton for two years from the collection of an equalization fee which is to be levied at once on other basic farm products, and fixing the maximum fee when collected at \$2 a bale, was tentatively ratified by the house this afternoon.

The fight is far from over, however, and will be renewed on Thursday, when backers of the Haugen measure ask approval by the committee of the whole house of the next phase of their program, an appropriation of a \$75,000,000 fund from the federal treasury to finance the proposed federal farm

board's operations in maintaining cotton prices during the two year period.

Stabilize Other Products.

Under the modified Haugen plan, a similar fund would be set up for stabilization of wheat, cattle, swine, corn, and butter prices, and \$25,000,000 would be allotted for operations when necessary in minor crops, but coincident with the announcement of an operating period, in any of the commodities except cotton, an equalization fee would be levied against them as a means of amortizing the advances made from the revolving fund.

The cotton exemption from the equalization fee was heatedly denounced by Representative Thacher (Rep., Kas.), sponsor in the house of the administration farm relief bill.

4 Illinois Votes for Measure.

Record votes are not asked in the

committee of the whole house, but among those who were observed to rise in favor of suspending the fee on cotton when a division was demanded were Representatives W. E. Hull, F. H. Funk, T. S. Williams, and Charles Adkins, all Illinois Republicans.

Speeder Sentenced to See Funeral of Auto Victims

Brazil, Ind., May 18.—(Special.)—Found guilty of speeding, Ernest Wayne has been sentenced to attend the funeral of Marvin Fritz and Ralph Hurt, killed by an automobile in the national road race here Sunday, by supposed rum runners. After the funeral Wayne will reappear in court for further sentence.

The pleasing light gray color of concrete pavement will dress up your street

Famous Streets in Los Angeles Carry Flood of Traffic

Los Angeles has more concrete streets than any other city in the country—a total of over 220 miles.

All of these streets are carrying a steadily increasing volume of traffic, and are doing so with very little maintenance.

Some of them are famous thoroughfares representing the most advanced type of paving construction.

They include Vine Street, "The Highway of the Movie Stars," Franklin Avenue, one of Hollywood's fine residential streets; Cahuenga Avenue, the main artery leading into Los Angeles from the San Fernando Valley; and Hill Street from Washington to Santa Barbara Avenue.

Los Angeles is building more concrete streets every year. The latest of these is Pico Boulevard. This, when completed, will be from 34 to 68 feet wide throughout its entire length of seven miles.

It will pay other cities and towns to make a careful study of Los Angeles' advanced practice in permanent street paving.

Property owners and local authorities are invited to write to this office for the facts. Also ask for your copy of our free booklet on "Concrete Streets."

U.S. WALKER CUP GOLFERS BEATEN BY BRITONS, 6-3

Jones and Ouimet in Good Form.

(Copyright 1926 By The New York Times.) LONDON, England, May 18.—The American Walker cup team, with two other American players, J. B. Standish and C. G. Waldo, played two rounds of foursomes at Woking today and lost, 6 to 3, to The Moles, a society which is composed of cricket players who have taken up golf.

The British players today formed a strong team, at least certain of becoming members of the British Walker cup team.

The British amateur champion, Robert Harris and Maj. C. G. Hazlet defeated Bobby Jones and Jesse Sweetser, 4 and 3. T. A. Torrance and I. B. Beck defeated Ouimet and Jesse Guilford, 2 up, and D. E. N. Layton and H. D. Gillies defeated S. R. Gardner and Watts Gunn, 3 and 1.

Other matches were: W. A. Powell and T. A. Murray conquered George von Elm and Roland Mackenzie, 4 and 3; G. L. Fairlie and G. D. Roberts defeated Standish and Waldo, 5 and 4.

In the afternoon, however, the Americans showed better form and won three matches, halved one, and lost one. The best victory was that of Standish and Waldo, who defeated Torrance and Fairlie, 7 and 6. Other results were: Layton and Gillies defeated Ouimet and Guilford, 4 and 3; Jones and Gunn halved with Beck and Powell; Von Elm and Sweetser beat Murray and Harris, 2 and 1; Mackenzie and Gardner lost to Hazlet and Roberts, 2 and 1.

Today's matches were a friendly outting, more in the nature of practice play than a serious contest, but the perfection of style shown by Jones and Ouimet greatly impressed the golf experts. They also said Von Elm is a sterling performer and Mackenzie and Gunn show promise of becoming great players.

The American team was entertained at dinner at the house of commons to sight by the parliamentary golfers. Among those present were Prime Minister Baldwin and Ramsay MacDonald.

BRAVES' PREXY ON WAY HERE TO STUDY CLUB

Boston, Mass., May 18.—(Special.)—Judge Emil Fuchs, president of the Boston Braves, left Boston today for Chicago for a conference with Manager Dave Bancroft. Before leaving the judge denied rumors that Bancroft was to resign and turn the management of the Braves over to a younger man.

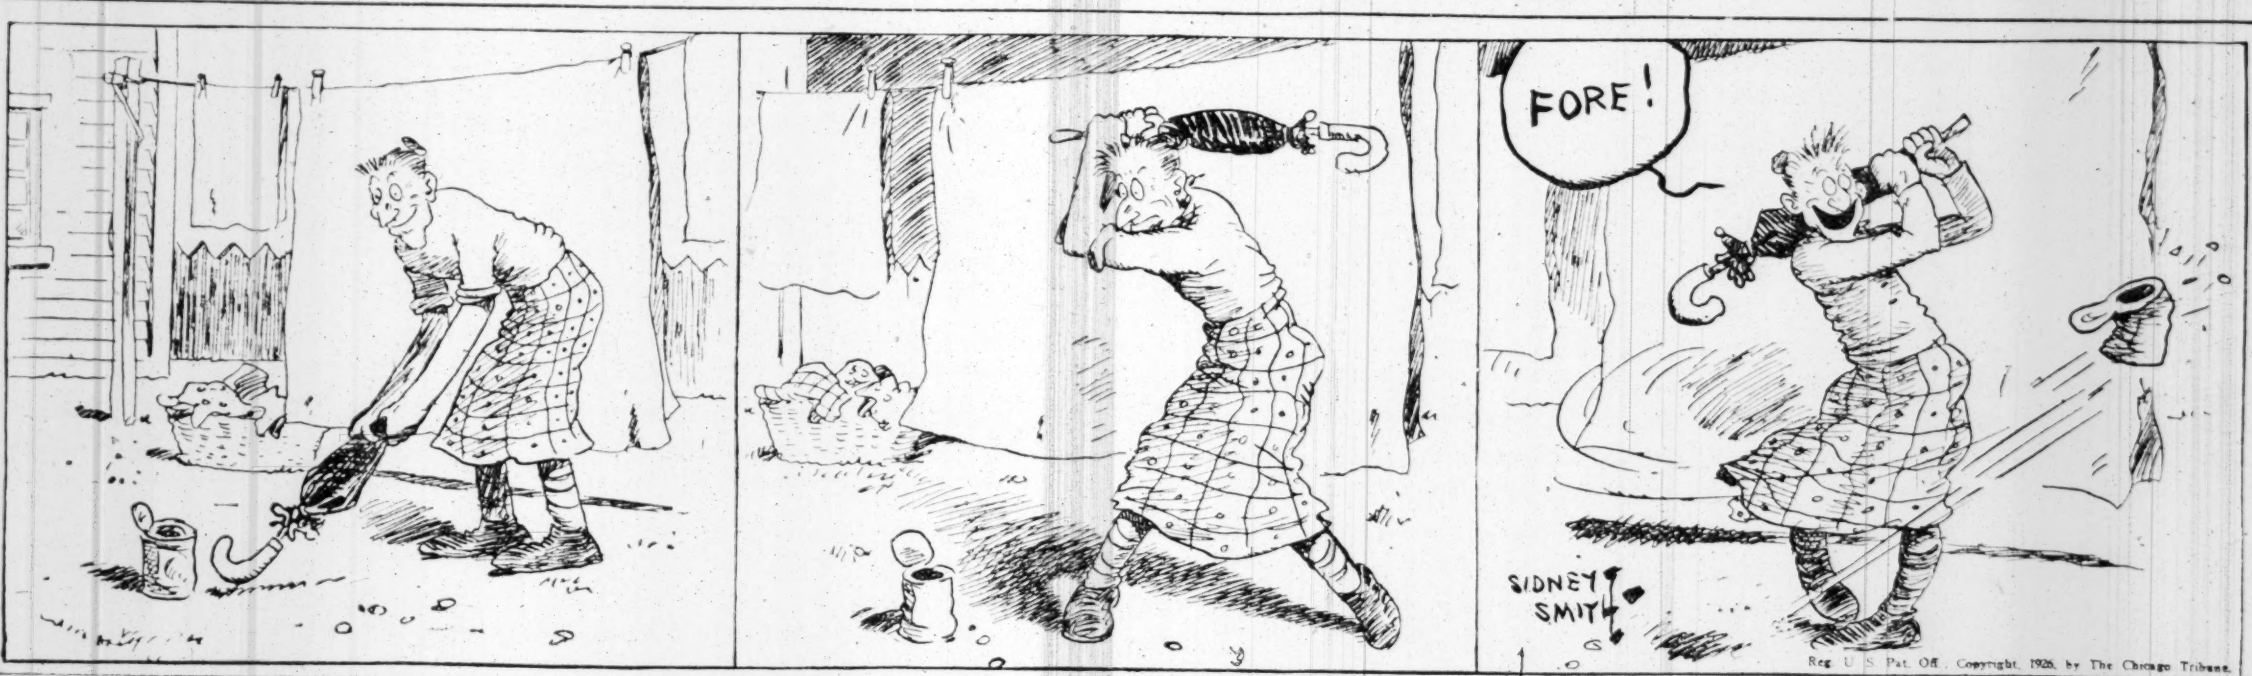

It is believed that Judge Fuchs went to get the lowdown from Bancroft on the trouble within the ranks. There is trouble. It was reported in St. Louis that Bancroft had accused other members of demoralizing his team. He is taking it easy and are not trying to win and Judge Fuchs finds out during the Chicago series, some of the athletes may not return to Boston.

REDMOND FAILS TO STRETCH HIS 781 YARD DRIVE

New York, May 18.—(Special.)—Jack Redmond, trick golfer wizard, failed in an attempt to make the longest golf drive in the world off the roof of the Whitehall building today. Redmond drove one ball over 610 yards, but was unable to average more than 400 yards, due to a wind. Redmond made the second, 781 yards, made off the roof of the Straus building in Chicago last year.

After trying to break his mark, Redmond drove a half dozen balls off the roof of Miss Muriel Greer, Miss Broad in 1925, and got an average distance of well over 350 yards from this dangerous tee.

Where Racing in Chicago District Opens Tomorrow

An airplane view of Exposition park race track in Kane county, near Aurora, where the spring turf season opens tomorrow. The races are run over an egg shaped oval, patterned after Aqueduct track in New York. No. 1 shows the grand stand. Nos. 2 and 3 rows of stables. No. 4 railroad tracks where the crowds unload. No. 5 is the parking space. No. 6 a swimming pool, and No. 7 the judges' stand and finish line.

900 Thoroughbreds Await Boots and Saddles at Aurora

Racing in the Chicago district opens at Aurora tomorrow and any doubt about it was dispelled yesterday when the Singing Kid and the Owl came in from Kentucky.

Turf managers years ago may have started a season with the Singing Kid and the Owl missing, but to attempt it now is like trying to race without horses.

Down at Louisville the night before the season opened the Singing Kid, who got his name in the Chicago district, was the bookmaker, when he sang the betting odds, was renewing acquaintances around Fourth and Walnut streets. To some he whispered a \$60,000 betting coup coming off early in the Churchill Downs meeting.

The Owl was at the Downs and his stopwatch was tacking the thoroughbreds as they breezed in their training gallops.

And last night as The Owl hustled on out to Exposition park track, to be on hand before this morning's sun comes up, where he will ask the horses to gallop to the tick-tocks of the ancient but trustworthy watch. The Singing Kid sturred about old haunts in the loop. Here and there he whispered of a \$60,000 betting coup coming off early in the Churchill Downs meeting.

There were other cronies of The Singing Kid and the Owl here a day in advance of the big opening, and out at the track nearly 900 thoroughbreds, some of them fast and some of them slow, were awaiting the start of the 27 day spring season.

Steward Has Busy Day. Presiding Steward Martin Nathanson and members of his license committee spent yesterday passing on applications for jockeys, owners and trainers' licenses. There were close to 100 jockeys on hand and others will come up from Louisville today and tomorrow.

Horses have been shipped from every corner of the turf map, tracks in New York, Maryland, Tia Juana, New Orleans, Kentucky, Florida, Cuba, and Ohio all sending their quota.

This may make it rather difficult for the punters to wage a successful war against the certificate mutual speculating machines, but those punters, perhaps 10,000 of them, and mostly from Chicago, will be there along with The Singing Kid and the Owl when the curtain goes up.

There were 26 nominations for the inaugural handicap at a mile. Weights will be assigned today. The jockey list follows:

Green Blazes, Sure Fire, Cross Bow, George De Mar, Talbot, The Turk, Outlawed, Silk Sox, Royal Princess, Helen T, Brownie's Smile, Arrogance.

Tom, the oldest of West Virginia, aged 105, the oldest trainer in the world, arrived yesterday with three horses.

One hears tales of how Speaker was bought for ground rent and Harney for his fare from Texas to St. Louis, and Frisch for practically nothing, but it is doubtful if there was even any cheaper investment than the \$125,000 the Yanks paid Harry Frazee for Ruth.

Shea Signs with McLarin for Bout at Los Angeles

Los Angeles, Cal., May 18.—(AP)—Eddie Shea, Chicago featherweight, and Jimmy McLarin of Oakland have signed for a ten round bout at the Olympic auditorium June 23. Shea left yesterday for his home in Chicago, since he will be unable to box for three weeks, due to a hand injured by his last fight with Johnny Farr of Oakland.

Fight Decisions

Decisions of Tribune boxing representatives last night were: W. St. Petersburg, Fla.—Joe Casper and Juice Bonny, draw (16); At Boston—Chick Suggs beat Sammy Fuller (10).

U. S. NET VICTORY IN PARIS TOURNAMENT IS UP TO HELEN

Women Tennis Stars May Decide Matches.

PARIS, May 18.—(U. N. I.)—America must depend upon her women for victory in the French-American invitation tennis tournament which begins at the Racing club courts in the Bois de Boulogne, Paris, May 28. On paper, the masculine battalion of her invading army appears likely to go down before the French.

With Helen Wills, Elizabeth Ryan, Mary K. Browne, Eleanor Goss, and Mrs. Marion Zinderstein Jessup, America has the most formidable team of women players it has ever gathered. France, with the dazzling Suzanne Lenglen as its principal star, is groping for enough second rate players to make up a side. Disregarding the Greek origin of Penelope Vlasto and her cousin, Helene Cosmides, both of whom are veterans of the hard winter campaign on the Riviera, the French committee has invited them to wear the tricolor.

Americans Hold Edge. France has Mme. Golding and a few others, but the women of the United States are in a better position to fall back upon, but Suzanne, Penelope, and Helene must bear the brunt of the attack. Mile. Lenglen and Mile. Vlasto have teamed together on the Riviera in past seasons and scored several victories over Miss Wills and her partners last winter.

But accustomed as they are to playing together, Suzanne and the diminutive Didi are a poorly balanced team. Suzanne stands up to the net and plays for two, while Mile. Vlasto's share consists in standing at the base line and with her slow drive carrying on endless volleys. Her accuracy is a strong point, for she seldom nets any returns.

Against that French pair, Miss Wills and Miss Ryan would seem to be likely winners. Miss Ryan knows Suzanne better than the Frenchwoman knows herself. She has often anticipated Suzanne in every play of a match. In doubles she is as good as the French champion, while Miss Wills ranks far above Mile. Vlasto.

Richards-Kinsey Face Test. The men players, Vincent Richards and Howard Kinsey, have their work cut out for them against Jean Borotra and Rene Lacoste, who are perhaps the greatest doubles combination in the world today, and are certainly two of the greatest singles players. Neither is an ace in mixed doubles.

The program favors France by a scant margin. There are four singles and one doubles match for men, all of which may go to France. There are three singles matches and one doubles for women, three of all of which may go to America. The two mixed doubles look like American property.

This America can win only if either Miss Wills or Miss Ryan defeats Mile. Lenglen in one of their matches, or if either Richards or Kinsey can break through the French front line and snipe either Lacoste or Borotra. The Frenchmen have every advantage in their favor, for Lacoste learned his game on the French front where the championship matches will be played.

IN THE WAKE OF THE NEWS

COOLING OUT.

"COOLING OUT" after the Derby is a more protracted and laborious process for a newspaper correspondent than for the horses participating therein. After they have been blanketed and walked around until there is no danger of taking cold, their part in the picture is ended until their next race.

On the other hand the writer, having gathered together his personal belongings, and possibly not probably picked up a little on sleep lost, has still the task of facing those friends who do not witness the affair. This involves trying to explain how any one present on the scene for a week before the event could possibly have picked any other than Bubbling Over as the winner.

Well, The Wake has now "cooled out."

The Sport of Sports. I have fished when the waters run swiftly, I have cast in the deep quiet pools. I have battled with lone tiger muskies. I have landed three Kaimahs together. (No, I did not do that in my sleep.)

The Doctor, Professor, and others. I have read where the white water leaps have landed three Kaimahs together. (No, I did not do that in my sleep.)

I have dropped a Brown Hackle far under the branches that hang over the stream. Pulled many a gold and black Crayfish from lakes where the lily pads gleam.

I have waded all day through swift waters—back and forth, as I cast on ahead—I have waded many nights in the open—The sky for my roof, spruce boughs for my bed.

I've been hungry and tired and weary. Far from camp when the bright sun went down, But no, no never, have I wanted To turn from the woods to the town.

The one who knows only the titles May just smile a superior smile, But I swear by a creed full that any old fishing Has all other sport beat a mile.

Longest Golf Drive. Wake: I observe an item in W. G. N. saying Jack Redmond had driven the longest golf ball—781 yards from the Straus building tower. John J. Gleason of the International Harvester company tells me of one probably longer.

The Commercial club of Chicago some 25 years ago went to the coast via the Grand Canyon in Arizona. While at the canyon, Marshall Field Sr. drove a ball with a sharp, clean shot off the edge of the canyon. The yardage was not measured, but fellow members of the club estimated that it must have gone 1,760 yards—in other words, a mile.

This Wake Is Conducted by Harvey T. Woodruff. Help! Help!

Breeding Counts. On Friday before the Derby at Louisville we ran across Jimmy Sheldon, one-time Maroon football captain and now in La Salle street. Asking him what he liked, Jimmy replied, "I'm playing Payman." "How come?" we inquired.

Assuming an air of turf wisdom, Sheldon answered, "Well, I pick out a good sire and then bet on breeding. This program is wrong. It says Fair Pay. That's a misprint; it should, of course, be Fair Play."

We looked at the program. The program was correct. Fair Pay was the dam of Payman. We said nothing, as the bet had been made. Payman won and paid \$7.50 for each dollar invested. Jimmy is still playing breeding, we assume.

A. R. Metcalfe. The Wake mourns the loss of an esteemed fellow-worker in the passing of A. R. Metcalfe, and shares with his enthusiasts regret at the removal of one of the game's greatest authorities. A. R. Metcalfe was a genuine lover of his favorite diversion. When we were in charge of the sporting page he often came to the office on Friday night to secure proofs of his Sunday articles so that no typographical error might creep in to confuse his followers in the analysis of unusual hand presented for their study. This painstaking care was characteristic of both his articles and his books, regarded as the last word on the subject.

Do You Remember Way Back When? Men's shirts, Sunday ones included, were put on over the head?—Ann

MCCARTHY REAL HERO OF THOSE STARTLING CUBS

'How Does Team Do It?' He's the Answer.

BY JAMES CRUSINBERRY.

Last fall folks were asking, "What is the matter with the Cubs?" Now they are asking, "How does team do it?"

Well, the matter with the Cubs? Because they finished in last place. Now they are asking, "How does team do it?"

It's almost difficult to determine why they are near the top as it was to explain why they were last. On paper the team does not belong at the bottom nor does it belong at the top.

The right now with the fans of Chicago the big questions are: Are the Cubs playing above their heads? Is this early season spurt just a flash in the pan? Will they crumble when the race settles down to a grind?

Cubs a Mystery Team. Those things can't be answered because baseball is a game that brings out the unexpected.

One thing is certain. The Cubs are the mystery of the National league at the present time. The club is the black horse of the race and so far has been able to stand the pace. Maybe that is all due to the changes made in the team since last year. If that's the case, hats must be removed to Mr. McCarthy, because he is the man who made the changes.

Jack Wilson Makes Good. He is the man who decided Hack Wilson was the best man to put in center field. Now everybody in Chicago knows that Hack Wilson is the best man for that job, or so far as they are concerned, for any other job. Hack's poising of the ball has been responsible for many victories already.

McCarthy is the man who decided that Cooney was the best man to play shortstop and Mr. Cooney is doing his stuff with all the style expected of one of his experience, and is hitting the ball.

McCarthy is the man who put Charley Root on the pitching staff as one of the regulars, and this young man, with his speed, his curve, and his fancy knuckleball, has turned in several victories. So there must be some sound judgment behind the playing of the Cubs.

He Makes 'Em Hustle. But probably about half of the success is due to no other cause than the boys are hustling. They are playing for all that is in them. Any team that does that deserves commendation, even if it finishes last. And there is no doubt about Mr. McCarthy's having something to do in making them hustle. So it seems that this man McCarthy, this buster from Louisville, is the real hero. If the team were down in last place there is no doubt about it—he would be the goat.

Because of the rain yesterday the final game of the Cubs-Phillies series was postponed. Today the north sideers start a five game series with the Boston Braves.

Springfield, Mo., Slugger Hits 9 Times in 9 Trips

Springfield, Mo., May 18.—(Special.)—Johnny Rider, Springfield outfielder, who set a new home run record for organized baseball two weeks ago when he drove out eight home runs in three games, is after a new batting mark. In the last two days he has hit in every trip to the plate, his collection including six two-batters and three singles in nine times at bat. Rider has not missed a game this year. He is hitting a .400 clip.

ONE HOME RUN WITH 3 MEN ON TELLS THE TALE

Hose Outfit Foes but Not at Right Time.

BY IRVING VAUGHAN.

(Chicago Tribune Press Service.) New York, May 18.—(Special.) For seven innings today the skidding White Sox rode high on a wave of prosperity. With a lead of three to nothing and Hollis Thurston going strong, they seemed headed for the end of the losing streak. But in the eighth, five runs went parading over the counter, and the Chicagoans went to their fourth Hollis Thurston straight defeat. The score was 9 to 3, making seven triumphs in a row for the Huguenots.

The particular mischief maker of the combat was Tony Lazzari, the former Salt Laker. He accounted for four of the Yankees' five runs in the stormy eighth by pounding the ball over Mostil's head for a homer with three of his mates on the bases. Just prior to this hard working Ed Collins had booted a grounder that with proper handling might have been converted into a double play, so Thurston was not altogether to blame for the rout that came tumbling down over his ears in the waning moments.

Sox Jump Into Lead. Chicago's entry got away proudly and appeared to be headed in the right direction by scoring once in the fourth and twice in the sixth, this last assault caused old Sam Jones to be moved from the slab in favor of Lefty Braxton and the youngsters kept the Sox away from the plate successfully, although it was necessary to rush "Herb Penneck onto the hill to end the game with three runs waiting on the sacks. Against this trip the Sox coiled eleven wallopers but, unlike the powerful and economical Yanks, didn't bunch the blows properly.

The Sox started to make motions like emerging from their streak when Harris lined the ball over Ruth's head into the right field seats for a homer in the fourth. The sacks were vacant at the time. Crouse followed the home run with a drive to right and he tried to make second base on it, but Ruth's powerful throwing arm cut him down.

Collins' athletes set out in the sixth as though bent on attacking at least a half dozen runs, but a double play cut them short with only two across. A single by Hunsfield started it. Manager Collins scored him with a double. McCurdy also doubled and Collins added. Falk was hit, Harris sacrificed and Crouse was purposely passed. Then came a lot of juggling of pitchers and batters and in the end Shelly fled to Mabel and McCurdy was doubled at the plate.

Here're the Sad Details. Until the Yank eighth, when the sun went down on the Sox hopes, Thurston had yielded only six hits. The beginning of the end in the fatal round started with a single by Koenig. He halted at third on Combs' double. A pass to Gehrig loaded the sacks. Ruth survived on Ed Collins' costly fumble. Koenig scored.

Thurston tightened and fanned the murderous Mabel but along came Lazzari with that homer that sent four out of the day's supply of Yank talismans over the platier.

The lying but futile kick of the Sox in the ninth came after two men were down. Thurston and Mostil singled. A pass to Hunsfield loaded the bases and Braxton was hurriedly yanked in favor of Penneck, who induced Phil Collins to pop up and terminate the series.

CHEVROLET TO BE PACEMAKER AT INDIANAPOLIS

BY J. L. JENKINS.

Louis Chevrolet, retired veteran of the "racing road" and one of the leading mechanical authorities of the world, will pilot the field of tiny racers across the starting line in this year's speed classic on the famous Indianapolis speedway May 31. It was announced yesterday. He has nominated a Chrysler special as pacemaker for the great race, which is expected to draw 150,000 automobile fans to the Hoosier capital, and write a new and vital chapter in motor history with the introduction of the smallest and highest speed gasoline power plants ever developed.

Leading engineers of the world will gather in Indianapolis for the 1926 classic under the auspices of the Society of Automotive Engineers. Their season will begin with an informal dinner at the Indianapolis Athletic club the night before the race, when Capt. E. V. Rickenbacker and C. F. Rettering will discuss the mechanical developments which have brought motors with only 1 1/2 cubic inch piston displacement to the five century starting line. On race day they will study every detail of car performance, the work of the new, blower type superchargers used on the race creations, and the other advanced details of motor construction and discuss the new motors in their West Baden meeting after the race.

Chevrolet, this year's pacemaker, is one of the most picturesque figures of the speed sport. In his first appearance as a race driver he established a world's record by driving the mile on the old Morris Park track

Golf News

Forty members of the Advertising post of the American Legion played golf in the rain yesterday at the Glen Oak Country club. The golfers played nine holes in the morning and were scheduled for eighteen in the afternoon but many stopped before the rain round and sought the shelter and cheer of the locker room.

An acquaintance stag will be held for the members of the Southern Country club at the clubhouse Saturday night. The 1926 formal opening of the course will take place on Memorial day.

In Chicago in 1914.5 seconds. He was the hero of one of the most spectacular races in automobile racing, when his car caught fire during a race at the Shoreland track. Flames leaped through the thin floor board so swiftly that before he could apply his brakes he was forced to stand in his seat to escape being burned alive. Around the track Chevrolet and his mechanic swept, Louis driving as he stood in the seat. As the car lost momentum and slowed to sixty miles an hour he leaped out of the car and ran a short distance to permit him to jump to safety.

Northwestern and Iowa Clash on Diamond Today

Northwestern and Iowa baseball teams will clash in a Big Ten game at Evanston this afternoon. Although the visitors have been unable to much up a victory so far this season, Maury Kent, Purple coach, is not figuring on an easy game. He probably will pick Palmer or Mills to do the mound work. Northwestern holds fifth place in the conference standing, having broken even in ten games. The game will start at 4 o'clock.

BERNSTEIN AND LOYAZA TO MEET IN RING JUNE 15

New York, May 18.—(AP)—The state athletic commission today approved a ten round match between Stanislaus Loyaza of Chile and Jack Bernstein of Yonkers at the Queensboro stadium in Long Island City, June 15.

Chairman Farley announced receipt of a letter from the Cleveland boxing commission releasing Joe Dundee of Baltimore from a contract to fight Joe Siminich at Cleveland tomorrow. The New York board had requested the release because of Dundee's scheduled match with Willie Harrison at the Coney Island stadium May 28.

Announcement also was made of receipt of a letter from Spiridie Draden, American representative of the South American boxing commission, naming Alfredo Porzio heavyweight champion of South America in place of Romero Rojas. The new champion will be recognized by the New York state commission.

Notes of Boxers

The supporting card of bouts to the ten round windup between Shuffie Callahan of Chicago Heights and Nate Goldman of Philadelphia at East Chicago, May 28, was announced yesterday. In the semi-windup Dan Caserio of the west side will clash with Wotcott Langford, the colored welter. Patsy Rocco of East Chicago and Emil Bakic of South Chicago, 150 pounders, will mingle in one of the preliminaries, while two other bouts yet to be arranged will complete the card.

The show will be staged by the East Chicago Elks and proceeds will go into the hospital fund.

Hundreds of boxing fans visited Jim Mullen's new gymnasium at 180 West Randolph street yesterday. One of the rings was filled with flowers from friends of the promoter, and many telegrams were received from all sections of the country. Among them were wires from Strangler Ed Lewis, Jack Dempsey, Mickey Walker, Jack Kearns, Billy Gibson, Gene Tunney, Fidel La Barba, and Phil Rosenberg.

Culver, Lincoln Park

Crews to Race Sunday

Crews of Culver Military academy and Lincoln Park Boat club will meet in a special match race over the one mile course in the Lincoln park lagoon Sunday afternoon. The two eight men tracksters started work this week for the final dual affair of the season against Carleton at Northfield Saturday. The presence of Capt. Paul Nesbitt, the midwest conference's premier sprinter, who was out of the Lawrence meet with injuries, will aid Beloit's chances.

Beloit in Final Meet

with Carleton Saturday

Beloit, Wis., May 18.—(Special).—Defeated in three meets this season, Coach E. J. Osgood and his Beloit college tracksters started work this week for the final dual affair of the season against Carleton at Northfield Saturday. The presence of Capt. Paul Nesbitt, the midwest conference's premier sprinter, who was out of the Lawrence meet with injuries, will aid Beloit's chances.

35 STOCKS FALL TO NEW '25 LOWS IN BEAR DRIVE

YESTERDAY'S AVERAGES

New York, May 18.—(AP)—The line of least resistance was again downward today in the stock market. With the general public apparently taking little interest in the proceedings, professional operators met with little opposition when they renewed selling pressure against the rubbers, and public utilities. The day's sales fell just short of 97,000 shares. The continued weakness of French and Belgian francs, which crashed to new low records for all time at 273 cents each, had a depressing effect in financial circles, but it is doubtful whether it actually caused any liquidation of stocks. French and Belgian bonds, however, were heavy.

35 Stocks at New Lows.

Thirty-five individual stocks sank to their lowest prices of the year. The list included such diversified issues as American and Foreign Power, American Home Products, American Radiators, American Zinc and Lead, Bethlehem Steel, Childs & Co., Continental Credit, Cuba Sugar, Electric Refrigeration, First National Pictures, Fox Film, Fox Theater, General Motors, International Harvester, Johnson & Johnson, Montagu Ward, Moon Motors, National Distillers, Standard Plate Glass, Studebaker, U. S. Steel, U. S. Rubber, and Ward Baking B.

Heavy accumulation of Lago Oil.

Chicago advanced more than a point to 22 1/2, the highest price since it was listed about a week ago. The oil group, Marland crossed 27 for the first time in months, and Pan American crossed 67, but both fell below those levels at the close on profit taking.

Rails Generally Strong.

Except for the heavy selling of the Chicago and Alton issues, which were depressed to new low levels for the year in anticipation of a stiff assessment under the pending reorganization plan, the rail issues were well supported. Net gains of a point or more were recorded by Atlantic Coast Line, Canadian Pacific, Lackawanna, and Norfolk & Southern. Demand sterling ruled about 3-16 of a cent lower, around \$4.86, but Italian lire rallied another 10 points to around 474 cents. Norwegian kroner advanced 8 points to around 21 1/2 cents. A pound renewed at 24 1/2 per cent and held steady at that figure all day.

PRODUCE MARKETS

Butter in leading markets was in fair demand and prices were unchanged. Cheese markets firm.

Fresh eggs sold at former prices. Receipts 43,241 cases. Potatoes, which were slow and offerings liberal. Receipts, 93 cars, with 297 cars on order. Receipts of new potatoes, 26 cars, with Texas sold at \$6.75 per 100 lbs in car lots. Live hogs, 100,000 head, and 20,000 head of calves, 3 cars and 1,200 cases. Sales of butter for future delivery on the Chicago mercantile exchange Tuesday averaged 68 cars and eggs 143 cars. Prices follow:

FREIGHT TRAFFIC
INDICATES SLIGHT
SLUMP IN TRADE

BY O. A. MATHER.

A variegated picture of present conditions in business and industry was presented in yesterday's news. Some checkings in general trade was indicated in the weekly report on the movement of commodities by railroad, although the total showed no diminution.

Loadings of revenue freight for the first week in May totaled 996,577 cars, an increase of 816 over the preceding week and of 14,437 over a year ago. The current figures, however, show a decrease of 7,917 cars in miscellaneous loadings compared with the previous week, although a gain of 25,975 over last year. On the other hand, ore loadings jumped 17,562 cars in the first week of this month, although such traffic was 26,729 cars below a year ago. Loading of grain and grain products also is lightening.

Decrease in Tire Deliveries.

Secretary Hoover's campaign for conservation of rubber to break the British price monopoly appears to be having its effect, although it is causing embarrassment for tire manufacturers. Tire deliveries in March totaled 2,453,475, or 104,367 less than a year ago. In the first quarter of this year tire manufacturers consumed 123,186,959 pounds of crude rubber, or 2,028,623 more than last year. Many plants have dropped to a five day work schedule until inventories are reduced.

In the petroleum industry recent price advances in gasoline and crude oil were extended to additional territory. Crude oil advanced 10 to 25 cents a barrel in Arkansas and Louisiana and 25 cents in Canada. Gasoline and kerosene were boosted a cent a gallon in Ohio. On the other hand, crude oil production in Mexico last week for the first consecutive week and reached the highest point this year.

Weekly average output last week was 1,899,000 barrels, an increase of 4,950 over the preceding week. The new figure represents a gain of about 6,000 barrels a day from the low level reached last January, but it is still about 300,000 barrels a day less than a year ago. The current increase is not regarded with alarm because the increasing demand for gasoline and higher prices for both crude and refined products.

Domestic deliveries of copper from primary producers totaled 226,808 tons during the first quarter. This is a decline of 1,277 tons from the last quarter of 1925, but an increase of 35,037 over the first quarter of 1925. It was reported yesterday that the Western Union Telegraph Company had placed orders for 2,600 tons to be delivered in June, July, August, and September.

Industrial Employment Drops.

Employment in manufacturing industries in April decreased 1 per cent from March and pay roll totals declined 1.9 per cent, according to the department of labor. But employment was eight-tenths of 1 per cent above a year ago and pay roll totals were 3.2 per cent higher. However, the April decreases are normal, and the department of labor reported that during the month ended April 15 and stood 8 per cent higher than a year ago.

Quaker Oats

C. M. Watonina, Minn.—Quaker

Oats company earned \$30 a share on its

preferred stock and \$9.32 a share on

400,000 shares of no par common stock in

1925.

These figures compare with \$29.37 a

share on the preferred and \$37.39 a share

on the 112,500 shares of \$100 par value

common in 1924.

Surplus stood at \$9,825,654 at the end

of 1925, against \$7,877,856 at the close

of 1924.

Dividends at the rate of \$2 per share

per annum are being paid on the com-

mon stock. Extra dividends also are

paid. These amount to \$16.00 a share

in 1924 and \$19 a share in 1925 (both on

the old \$100 par value), and \$2.50 a

share paid April 15, 1926, on the new

no par stock.

The common is a high grade stock.

The preferred is very high grade.

WALL STREET NOTES

NEW YORK, May 18.—(AP)—Renewed weak-

ness of the banking houses featured today's

irregularly lower curb market. Continental

Banking broke nearly 5 points, and the

preferred sold off over a point to a new

low at 94. Most of the leading oil issues

closed lower. Coal shares were

heavy. Glen Alden losing a point. Motors

were quiet, with price changes narrow and

irregular.

Renewed weakness developed in Foundation

Company Foreign, which touched a new low

at 10. Public utilities drifted within narrow

limits. Dealers in bonds covered a wide

range. Foreign bonds generally were small

and irregular. Consolidated Textile 8s and

Shawshen 7s each dropped about a point to

new low levels for the year.

There was moderate improvement in the

demand for seasoned investment bonds. Prices

of domestic issues tended upward in the early

dealings, but gains were not fully maintained

while reactionary tendencies dominated the

market. Losses of more than a point

were recorded by some of the French obliga-

tions. Polish bonds also suffered another

relapse, although they held slightly above

the record low levels reached in December.

The features of trading in domestic

corporate bonds was the lively rally in

Warner Sugar 7s following assurance that

interest payments would be promptly met in

case of recent operating losses. The 1930

maturity advanced more than 3 points to 71,

while the issue of 1941 recovered 2 points

to above its 60 level and similar lines led

an upward movement in the oil, and Phila-

delphia Flour 6s gave a good display of in-

dependent strength.

Do You Know That—

About three hundred million dollars' worth of merchandise is sold yearly in the Loop? A store which survives, in the face of this keen competition, must serve its public well, with plentiful assortments, with fairness in every transaction. It is significant that The Fair has lived, triumphantly, for fifty-one years—and grown greater with each year in the city's esteem.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Shouldering a Burden.

I am a girl, 24, living with my widowed mother. For the last two years I have been working little on account of poor health. At the present time I work part time, earning the help of mother as much as I can. I could learn to type at home and get a better position if I had a typewriter. Do you think you could obtain one for me?

J. S.

I hope we will be able to get a typewriter for this girl, who is spending her days doing for those dependent on her. It might bring a few more dollars into the family coffers and make things easier for her.

Ill for 3 1/2 Years.

I have a sister who has been an invalid for three and one-half years, and who would appreciate a wheelchair of the reclining type. Do you think one of your readers has one no longer in use they would be willing to pass on?

Luncheon Party Given on Sunday

Kimball Se

BY NANCY R

Just a week ago I was heretofore that the Sad was becoming quite the spot in this part of the day. Most of the young they live in town or al here's further proof. T Chasen, than when the devoted householders and country fans. Sunday to give a Saddle.

They are entertained by young married couple, Salisbury, who have been at 220 East Wabash last October. That time the charming young man married in Pittsburgh. As one of the indoor assistants at the Saddle, thoughtful guests of the luncheon there, we wished might play after.

I was sorry to learn Mrs. Arthur Seasholtz, almost all her engagement she's been kept home back" owing to the verance of one of the guests no longer at the luncheon. However, she expects to about in a few days, take valuable place in the social things in Chicago.

Chanel Edges Frock with Printed Fabric

by Corinne Lewis

NEW YORK—[Special Correspondence]—It's coming out in print—the foundation of this black flat crepe frock, the Chanel—out of all the fashions this is certainly one of the most ingenious. For you see, that undergarment of black and white printed crepe supplies the jabot, the collar and the cuffs. The Chanel is cut in such a way that the outer garment can just look out. It has frequently been used in the world this year. A stitch in time brings on more. Once you begin this time of stitching you really can't leave off. It's just like eating peanuts of playing solitaire. Surely this charming model from Chanel proves what I mean. Those various touches of self-stitching spread over corset, skirt and sleeves.

As so often happens this season the fashions take the form of points. It teases and flatters those pointed up which appear both at neckline and girdle and which button over each with a large black button.

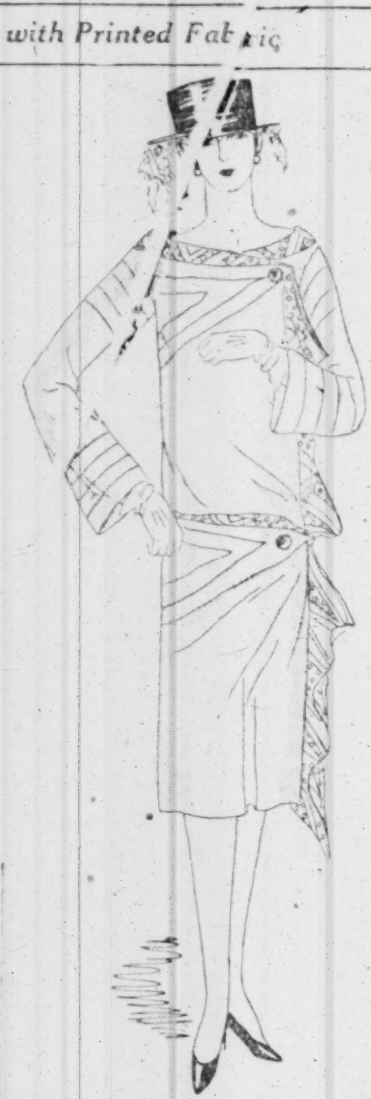

This frock is only one of the many in dressing alliances of plain and printed fabric which we must look for and which thrust for combinations as extended to the jumper sports frock, which frequently contrasts skirt and upper. Thus, one imported model with a skirt of plaid gray crepe is topped with a jumper of gray and rose pink dotted crepe.

UNION LEAGUE OPENS NEW HOME ON SATURDAY

On Saturday, May 22, the Union League club will have the official opening of its new quarters, 616 West Jackson boulevard. The club moved into some time ago from its temporary location in the old E. J. Junghe building on Monroe street.

Gold Stars to Discuss Memorial Day Plans

Plans for decorating on Memorial Day the graves of 2,000 world war soldiers who lie buried in forty-eight Cook county cemeteries will be discussed at the annual joint meeting of the Gold Star mothers and Gold Star fathers tonight at 7 o'clock in the County building. Arrangements for the \$20,000 Gold Star fund will be decided upon. S. McLaughlin, president of the Gold Star fathers of the United States, will preside at the meeting.

Mrs. Addie N. Ray, Widow of Newspaper Man, Dies

Mrs. Addie Norton Ray, widow of William E. Ray, for thirty-one years a commercial editor on Chicago afternoon newspapers and for several years compiler of market reports for The Tribune, died yesterday at her residence, 1016 Berwyn avenue. Mrs. Ray was born in Oregon, Ill., seventy years ago, and burial will be there. A funeral service will be conducted today at 4:30 p. m. in the residence. Mrs. Ray is survived by a daughter, Miss Margarette Ray, an assistant of Collector Mabel Reinhold of the revenue bureau. The Rev. W. B. Norton of The Tabernacle, a cousin of Mrs. Ray, will accompany the body to Oregon.

Charles Smith, Veteran Hyde Park Teacher, Dies

Charles H. Smith, for fifteen years assistant principal of Hyde Park High school and a veteran in the public school system, died last night in his home, 1417 Cornell avenue, after a week's illness. He was 64 years old. Mr. Smith joined the Chicago system as a teacher in the Hyde Park High school in 1890. For twelve years he had been editor of "School Science and Mathematics." He was one of the founders of the Central Association of Science and Mathematics Teachers. His widow and two sons, Charles and Ronald, survive. Funeral services will be held tomorrow at 2 p. m. in Hyde Park M. E. church.

Philadelphia, Pa., May 18.—The revolt against prohibition is on. The true modification cause in the state primary yesterday turning point. The beer wine issue now becomes a not paramount, issue in the senators and congressmen and is not unlikely to be the presidential election of the state's 8,281 election of the race between William S. Vare and Senator George W. Pepper. Clifford Pinchot, crys, a plurality of 98,992. The figures are:

Vare - - - - - 98,992
Pepper - - - - - 1,000
Pinchot - - - - - 1,000

Wet Leads for Governor.
The fight for the Republican nomination for the governorship awarded by the senatorial caucus was a bitter contest. E. J. E. a former lieutenant governor, wet, running along with Vare. With approximately of the state missing in the returning John S. Fisher, a by 60,167.
The campaign for the gubernatorial nomination was waged along the lines of the wet and dry. The dry candidates were the Vare-Pepper-Pinchot and dry knockdown-and-draw. There were two other candidates for governor: John (liberal) and T. N. Phillips (all three of Fisher's opponents wet and their combine over the dry candidate was the reported districts.

Seen as Crucial Test.
The senatorial primary crucial test of the potency of wet and dry. Had modification protagonist, by the position of the dry, any liberalization of the V would have been immensed and the cause of the have suffered a serious set.
With Congressman Vare the Republican nomination for by an overwhelming majority of his single the restoration of light with the modification movement high and the dries are for defensive all along the line. It is in vain that the out that the combined vote dry candidates, Senator Gov. Pinchot, exceeded that ing wet Vare by 150,000 or argue that therefore the dry in the majority in Pennsylvania.

Only Results Count.
It is results that count a victory of the wet candidate election would mean one more less dry vote in the gives the impetus to the prohibitions.
Besides the wets are also with plausibility that when tract from Pepper the wet delivered to him by the Mellon and from Pinchot delivered to him by John of the United Mine Workers of Vare, for whom presumably voted, exceeds the comb of the dry candidates and establishes that the Republic in this state is preponderant. The fact is that it is Pittsburgh and other cities overwhelmingly wet and demand for modification a steady act while the rural still dry.

Breaks Party Line.
The triumph of the movement in this state by life into the issue and certainty that it will be spectacularly in, the elections this year. And are not wanting that passing to smash almost over the question.
Here in Pennsylvania, opposed in the election by Wilson, who was secretary the Wilson cabinet and nominated by the Democrats without opposition, may be an independent Senator Pepper, when a defeat today, said he was Vare in the election. Gov. Brown to be considering duty of leading a bolt of from the Vare ticket. The leaders of the dry declaring that they never are and are planning to
